Mr. Mayer asked for a motion to accept the minutes from the previous meeting. Mr. Rodriguez-Soto motioned, and Ms. Welsford seconded the motion. The minutes were approved by a unanimously.

APPROVE: Mayer, Velasquez-Soto, Welsford
OPPOSE: None

Ms. Welsford gave a brief introduction. She founded Nicecream in Arlington in 2013. Her ice cream is frozen using liquid nitrogen and uses milk local to the DC area.

Mr. Wilkes reviewed the Class I producer price projections, which look favorable for dairy farms in the first half of 2022. The improved price projection is somewhat dampened with most input costs expected to increase as well. Retail fluid milk sales declined in 2021 when compared to 2020. Mr. Wilkes stated that this was expected, but that there were reasons to be optimistic despite the decline. Milk sales in 2021 exceeded sales in 2019, so there is the possibility that consumers are including more milk in their diets or for cooking and baking at home.

Mr. Wilkes provided two possible scenarios for producer milk base changes. The first was to leave nine-month aggregate milk base at its current state with no percentage increase. The net result would be a slight milk base decrease once base milk was placed into escrow for production shortages. Because of the slim margin of sales to the regulatory requirement, Mr. Wilkes recommended this option to the board. The second scenario provided was to adjust milk base by the bare minimum allowable under § 2 VAC 15-20-40. This would result in a nine-month aggregate milk base increase of approximately 0.80%. Board members discussed the merits of adjusting milk base. Three-month milk base is determined by formula, and will decrease from 94% to 92% of nine-month milk base.

Mr. Mayer asked for a motion regarding changes in aggregate milk base. Mr. Velasquez-Soto motioned to leave base at its current level, and Ms. Welsford seconded the motion. The motion was approved by unanimously.

APPROVE: Mayer, Velasquez-Soto, Welsford
OPPOSE: None

As a result of the vote, aggregate base allocations are as follows:
