All

SAG members will form groups based on the preliminary sub-committees and brainstorm issues and content to cover within those sub-committees. In addition, SAG members will provide feedback on several questions to help focus the development of the Handbook. Examples of questions that will be discussed include:

- *What do you like and dislike based on your experience using Virginia’s local and regional handbooks & manuals?*
- *In your experience, what are the most important changes to VA’s stormwater program over the last 30 years? (i.e., What is not covered in prior handbooks that is critical to cover through this effort?)*
