Meeting Discussion Topics:

In the context of both the overall Medicaid population and the categories of priority populations previously listed, please reflect on the following questions and come prepared to discuss them at the MPMPLC meeting:

- What are promising solutions your organization (or another organization) has deployed to provide services to Medicaid members during COVID-19?
- What are the biggest challenges your organization has faced in providing services to Medicaid members during COVID-19? What approaches have been used to overcome these challenges?
- What suggestions do you have for DMAS to improve delivery of services to its members during COVID-19?
