**APPROVE:** Craun, Kerr, Linney  
**OPPOSE:** None

Mr. Wilkes gave a brief review of Milk Commission business since the last meeting. He discussed the Dairy Producer Margin Coverage program that passed during the last legislative session. Application receiving and approval for this program will be handled by the Commission. Currently the program is waiting for USDA FSA to open enrollment for the 2022 Dairy Margin Coverage program before it can begin processing any applications. At this time there is no announced date for enrollment to begin. Mr. Wilkes then provided background information regarding the calculation of the producer Class I price, listing all factors that are indexed to arrive at the price. Mr. Michael Myatt of Cooperative Milk Producers Association provided some history to how the index was determined, and both he and Mr. Wilkes agreed that the calculation is still very good at determining a fair price for producers while keeping those prices in line with surrounding milk sheds. Finally, Mr. Wilkes provided an overview on the status of cost analysis that will be used to determine the cost to produce goods. Mr. Linney offered some perspectives from the processor point of view, and stated that he believed that performing this analysis more than once a year would be ideal.

Mr. Wilkes reviewed findings from the preliminary hearings for those companies that had applied for milk distributor licenses. Mr. Linney motioned to approve all requested changes to distributor licenses, and Mr. Craun seconded the motion. The licenses were approved by a unanimously.

**APPROVE:** Craun, Kerr, Linney
