Agenda

The agenda was approved by acclamation as presented.

Public Comment

No public comment was received by the Board office prior to the August 19, 2020 5:00 p.m. deadline.

**Approval of
Minutes**

On properly seconded motion by Dr. Clayton-Jeter, the minutes from the June 25, 2020 meeting were approved as presented.

Director's Report

Dr. Brown stated that the Department has held several virtual meetings since the onset of COVID-19 and the closing of the Perimeter Center Building to the public. DHP is following government mandated protocols to keep individuals safe and leveraging teleworking to the extent possible. The Enforcement and APD divisions and the Boards are keeping abreast of the incoming cases and disciplinary hearings.

Legislative and Regulatory Report

Ms. Yeatts provided an overview of current legislative and regulatory actions. She also noted that the change made to the Boards Bylaws (Guidance document 75-4) are effective today.

Board Chair Report

Dr. Jones, Jr., thanked Dr. Stewart for filling in as Chair for the June 25, 2020 meeting. He thanked staff for all their efforts in keeping the boards up and running during this pandemic. He noted that the Fall election of officers will usher in the new position of 2nd Chair.

Board Study Into the Need to Regulate Diagnostic Medical Sonographer

Mr. Wells provided an overview of the Diagnostic Medical Sonographer study findings. He advised that after reviewing the study materials that the Regulatory Research Committee deemed that Criterion One: Risk for Harm to the Consumer was not met. There was insufficient evidence of harm attributable to the practice of diagnostic medical sonography by individuals credentialed to justify their regulation by the state. However, the Regulatory Research Committee did have concern about the use of 3-D ultrasound medical devices by unlicensed people taking "Keepsake" fetal sonograms. This matter is being referred to the full Board for further discussion.

Motion: Dr. Doyle moved and Dr. O'Connor seconded acceptance of the Regulatory Research Committee's findings.

Discussion and Amended Motion: Upon discussion, an amendment was made to the original motion to table the discussion of the fetal imaging concerns to the November 10, 2020 agenda. The motion was properly seconded, all members voted in favor, none opposed.

**Board Study
into the Need to
Regulate
Naturopathic
Doctors**

Mr. Wells provided an overview of the Naturopathic Doctor study findings. He stated that the Committee found sufficient evidence of all six criterion and recommended, under criterion seven, licensure of the profession. The Committee requested that the scope of practice include physical exams, ordering lab tests and interpretation of lab tests, ordering x-rays or other videography but with the interpretation by another qualified practitioner. Further, there should be no prescriptive authority for legend drugs. The profession should be regulated under the Board of Medicine. Also, lay practitioners who are not licensed under this chapter should not be precluded from (i) providing natural health consulting on Ayurvedic medicine, traditional naturopathic therapies, herbalism, nutritional advice, or homeopathy, or (ii) from selling vitamins and herbs, provided the person or lay practitioner does not use any title prohibited under § 54.1-2956.14.

A motion to approve the Committees recommendations was made by Mr. Salay and properly seconded.

After discussion and review of the Criteria, the Board voted on the Committee's recommendations. Five members (Dr. Doyle, Ms. Hershkowitz, Mr. Salay, Dr. Rackets, and Mr. Wells) were in favor of licensure, six members (Dr. O'Connor, Dr. Clayton-Jeter, Mr. Logan, Dr. Jones, Jr., Dr. Stewart, Mr. Chaudhary) opposed licensure. The motion failed.

**Executive
Director's
Report**

Due to time constraints, Dr. Carter requested that the Executive Director's Report be carried over to the November 10, 2020 meeting.

**Healthcare
Workforce Data
Center**

Due to time constraints, Dr. Carter requested that the Healthcare Workforce Data Center report also be carried over to the November 10, 2020 meeting.

**Individual
Board Reports**

Board of Medicine - Dr. O'Connor stated that the Board cancelled all June meetings and had just recently begun board hearings. He provided that disciplinary hearings are stacking up so the October meeting (hopefully to be held in person) will have a full schedule to include informal conferences. Dr. O'Connor commended Board staff for keeping up with credentialing of the boards professions.

HB 5057 Health care providers, certain; licensure or certification by endorsement.

Introduced by: [Nicholas J. Freitas](#) |

SUMMARY AS INTRODUCED:

Certain health care providers; licensure or certification by endorsement. 3. To review and comment on the budget for the Department;
4. To provide a means of citizen access to the Department;
5. To provide a means of publicizing the policies and programs of the Department in order to educate the public and elicit public support for Department activities;
6. To monitor the policies and activities of the Department, serve as a forum for resolving conflicts among the health regulatory boards and between the health regulatory boards and the Department and have access to Departmental information;
7. To advise the Governor, the General Assembly and the Director on matters relating to the regulation or deregulation of health care professions and occupations;
8. To make bylaws for the government of the Board of Health Professions and the proper fulfillment of its duties under Chapter 25 of the *Code of Virginia*;

**Virginia Board of Nursing
Report to the Board of Health Professions Meeting
August 20, 2020**

The Board of Nursing resumed “in person” hearings July 21, 2020. It continues to conduct hearings in person, with carefully managed public health precautions. The Board will initiate virtual Business Meetings in October.

The National Council of State Boards of Nursing (NCSBN) held a virtual Delegate Assembly on August 12, 2020. Marie Gerardo, First Vice-President of the Board and I served as Virginia’s Delegates. The Assembly approved a revised APRN (Advanced Practice Registered Nurse) Compact, with the hope of having seven states approve it, which will allow it to move forward. As BHP members may be aware, the Nurse Licensure Compact, which provides for multi-state licensure of RNs and LPNs is currently in effect in 33 states, including Virginia, with more states pending legislative approval.

Of significant note, Jay P. Douglas, Executive Director of the Virginia Board of Nursing was elected President-Elect of NCSBN, taking office on August 12, 2020 for a two-year term before becoming President. Ms. Douglas has previously served on the NCSBN Board of Directors as Region III Director.

Respectfully submitted,

Louise Hershkowitz, CRNA, MSHA

- Regulatory action to repeal Professional Designations is awaiting publication for public comment.
- Regulatory action for e-prescribing waiver is awaiting publication for public comment. To date only four waiver requests have been received and granted.
- During the Board’s July meeting, the following actions were taken:
 - o Voted to forgo CE audit for previous licensure period due to the pandemic and staff resources. The Board took no action to adjust the CE requirements for the current licensure period. Although the regulations require real-time, interactive activities where the presenter and the licensee must be able to interact, the Board discussed that the requirements are written in a manner to permit virtual activities.
 - o Voted to resubmit legislation to “clean-up” Optometry statute to remove outdated language.
 - o Voted to handle requests for waiver of experience requirements for the spouse of active duty military or veteran on a case-by-case basis by the Executive Director in consultation with the Board’s President.

- The Federal Contact Lens Rule is being amended to require documentation that a patient received a copy of his/her contact lens prescription. In addition, new requirements will apply to contact lens sellers. Once an effective date is known, the Board will need to review the amendments for possible regulatory changes.

Cash Board Balances Quarterly Summary Quarter 1- Fiscal Year 2021

*Cash balances reflect the accounts of each board within the Department of Health Professions at the end of the time period specified. Because over 80% of revenue comes through license renewal fees there may be periods where a board has a significant surplus or deficit. By law each board must adjust its fees to assure revenue is sufficient but not excessive.

Cash Board Balances

Fiscal Year Summary

Fiscal Year 2020

*Cash balances reflect the accounts of each board within the Department of Health Professions at the end of the time period specified. Because over 80% of revenue comes through license renewal fees there may be periods where a board has a significant surplus or deficit. By law each board must adjust its fees to assure revenue is sufficient but not excessive.

Patient Care Disciplinary Case Processing Times (with Continuance Days Removed): Quarterly Performance Measurement, Q1 2017 - Q1 2021

"To ensure safe and competent patient care by licensing health professionals, enforcing standards of practice, and providing information to health care practitioners and the public."
DHP Mission Statement

In order to uphold its mission relating to discipline, DHP continually assesses and reports on performance. Extensive trend information is provided on the DHP website, in biennial reports, and, most recently, on Virginia Performs through Key Performance Measures (KPMs). KPMs offer a concise, balanced, and data-based way to measure disciplinary case processing. These three measures, taken together, enable staff to identify and focus on areas of greatest importance in managing the disciplinary caseload: Clearance Rate, Age of Pending Caseload and Time to Disposition uphold the objectives of the DHP mission statement. The following pages show the KPMs by board, listed in order by caseload volume; volume is defined as the number of cases received during the previous 4 quarters. In addition, readers should be aware that vertical scales on the line charts change, both across boards and measures, in order to accommodate varying degrees of data fluctuation. This report includes the number of days the case was in the continuance activity.

Clearance Rate - the number of closed cases as a percentage of the number of received cases. A 100% clearance rate means that the agency is closing the same number of cases as it receives each quarter. DHP's goal is to maintain a 100% clearance rate of allegations of misconduct.

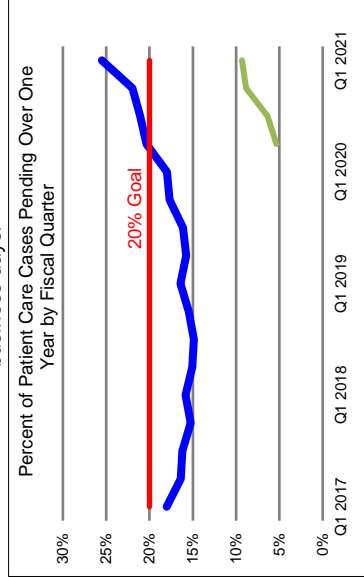

The current quarter's clearance rate is 109%, with 1050 patient care cases received and 1140 closed.

Age of Pending Caseload - the percent of open patient care cases over 250 business days old. This measure tracks the backlog of patient care cases older than 250 business days to aid management in providing specific closure targets. The goal is to maintain the percentage of open patient care cases older than 250 business days at no more than 20%.

The current quarter shows 29% patient care cases pending over 250 business days with 3241 patient care cases pending and 941 pending over 250 business days.

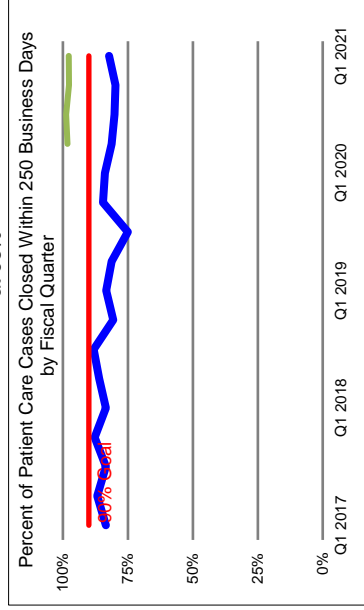

Only 302 cases or 9% are pending over 415 business days.

Time to Disposition - the percent of patient care cases closed within 250 business days for cases received within the preceding eight quarters. This moving eight-quarter window approach captures the vast majority of cases closed in a given quarter and effectively removes any undue influence of the oldest cases on the measure. The goal is to resolve 90% of patient care cases within 250 business days.

The current quarter shows 82% of patient care cases being resolved within 250 business days with 1061 cases closed and 873 closed within 250 business days.

Referencing 415 business days, the goal was surpassed at 98%
