John Salay, L.C.S.W.

COMMITTEE MEMBERS ABSENT: Michael Hayter, L.C.S.W., C.S.A.C.

CALL TO ORDER:

Dr. Walsh called the meeting to order at 1:00 p.m.

ROLL CALL/ESTABLISHMENT OF A QUORUM:

Dr. Walsh requested a roll call. Ms. Austin announced that four members of the Committee were present; therefore, a quorum was established.

MISSION STATEMENT:

Dr. Walsh read the mission statement of the Department of Health Professions, which was also the mission statement of the Board.

EMERGENCY EGRESS:

Dr. Walsh announced the Emergency Egress procedures.

ADOPTION OF AGENDA:

Mr. Salay requested to add a discussion regarding Music Therapy and Supervision Hours to the agenda under new business.

Upon a motion by Mr. Salay, which was properly seconded by Dr. Paulson, the agenda was adopted with the additions. The motion passed unanimously with none abstaining.

APPROVAL OF MINUTES:

Upon a motion by Dr. Paulson, which was properly seconded by Ms. del Villar, the meeting minutes from the Regulatory Committee Meeting held on March 14, 2019 were approved as written. The motion passed unanimously with none abstaining.

PUBLIC COMMENT:

Mr. Joseph Lynch provided public comment regarding moral turpitude. (*see attachment 1*)

UNFINISHED BUSINESS:

- **LMSW & Discussion of Need for Supervisee License:** The Committee discussed a Supervisee License/Resident License for Social Work. It was brought to the Board's attention that the Board of Counseling is currently drafting proposed Regulations for a Resident License in Counseling.

There were concerns from some Committee members that requiring a supervisee to have a license could be confusing to the public because it would be difficult to determine if a LMSW was approved to do clinical work. There was also some discussion suggesting having the LMSW as a prerequisite for the LCSW. No final decisions were made.

Next Steps or Suggestions:

- Get more information regarding the process the Board of Counseling followed.
- Find out what issues or problems the Board of Counseling may have encountered during the process they did not foresee.
- How does the resident license affect their overall licensing process?

NEW BUSINESS:

Sub-Committee Recommendations:

Dr. Walsh and Dr. Paulson were tasked by the Committee to review the Code and the Regulations for suggested changes and edits. The sub-committee presented several suggested changes and edits to the Code and the Regulations. The Committee reviewed all the suggested changes and edits provided in the agenda packet line by line brought forth by Dr. Walsh and Dr. Paulson. Some of the suggested changes are as follows:

- **Definitions and Re-ordering**

Dr. Walsh and Dr. Paulson presented several suggested changes to the definitions in the Code and in the Regulations. They also suggested the ordering of the License types in the fee section of the Regulations be consistent, listing the license types from the bachelor's level to the clinical level.

The sub-committee also proposed there be a different application fee and renewal fee for LBSWs and LMSWs. Currently the application fee and renewal fee for a LBSW is the same as a LMSW. After discussion with the Committee whether to propose an increase in fees or decrease in fees, the Committee felt it more reasonable to lower the application and renewal fee for LBSWs and keep the application and renewal fee for LMSW as is. With the LBSW being an entry-level license, the Committee suggested that the application fee for LBSW be reduced from \$115.00 to \$100.00 and the renewal fee for LBSW be reduced from \$65.00 to \$55.00.

Ms. Yeatts informed the Committee that a reduction in fee would be an exempt regulatory action.

- **Moral Turpitude**

The sub-committee also suggested adding a definition for moral turpitude in the Regulations. It was brought to the Committee's attention that several other Boards (Nursing, Funeral, Physical Therapy, Medicine) all have moral turpitude listed in their codes. Moral turpitude language is very common.

The sub-committee suggested the following definition: "*Moral turpitude*" means illegal activity outside the context of professional practice that reflects negatively on one's professional character as determined by the Board."

After much discussion, it was suggested that this may be more of a legal matter and would need to be discussed with legal counsel on how moral turpitude should be defined.

Motion: Upon a motion by Dr. Paulson, which was properly seconded by Mr. Salay, the matter would be referred to the Attorney General's office. The motion passed unanimously with none abstaining.

- **LBSW Experience Requirements:** The Regulatory Committee discussed the supervision requirements for LBSWs in Virginia. Dr. Paulson provided information informing the Committee that 34 states require no supervision following graduation for their LBSWs, 12 states do not have LBSWs, and only 4 states require supervision experience for LBSWs. Virginia is one of the 4 states that require supervision experience for LBSWs. The Committee is recommending that the Board of Social Work eliminate the supervision requirement for LBSWs.

Ms. Yeatts informed the Committee that they are not due for period review until 2021, so the suggested edits and changes would be an ongoing project for the Regulatory Committee, but the elimination of the LBSW experience requirement could be recommended to the Board as a fast track action.

Music Therapy:

Mr. Salay discussed with the Committee how the Board of Health Professions voted to have Music Therapy as a regulated profession and that they voted for it to be regulated by the Board of Counseling. Mr. Salay posed the question to the Committee if QMHPs should be regulated by the Board of Social Work. Mr. Salay also posed the question of how many QMHPs also have a degree in Social Work. Ms. Hoyle informed Mr. Salay that the Board of Counseling has not collected any data of how many QMHPs also have Social Work degrees, so she was unable to provide an answer. Mr. Salay indicated he would propose these questions to the Full Board at its meeting tomorrow.

Expired Supervision:

Mr. Salay discussed with the Committee a recently occurring problem with applicants who have a gap in their supervision from the time when an applicant completes supervision and when they pass the exam. What about person whose supervision expires before they test? Mr. Salay posed the question to the Committee on how the Board should handle persons whose supervision expires before they pass the exam. It was proposed that language be added to approval letters informing applicants that they must remain under approved supervision until they have passed the exam. Mr. Salay indicated he would propose these questions to the Full Board at its meeting tomorrow.

Suggested agenda items for the next meeting

- Discussion on expanding upon the Board's standards of practice
- Compare code of ethics and boundary violations to see if there are any items the Board wants to address.

NEXT MEETING:

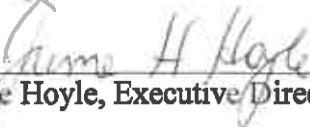

Dr. Walsh announced that the next Regulatory Committee meeting would occur on December 5, 2019 at 1:00pm.

ADJOURNMENT:

Dr. Walsh adjourned the meeting at 4:09 p.m.

VIRGINIA BOARD OF SOCIAL WORK
REGULATORY COMMITTEE
SEPTEMBER 19, 2019

Re: "Moral Turpitude"

In the agenda packet for today's meeting in the Sub-committee recommendations for the VBSW Regulations there is a definition of "moral turpitude."

LEGISLATIVE AUTHORITY

The term "moral turpitude" is included only one time in the Social Work Regulations. It is in *18VAC140-20-160. Grounds for disciplinary action or denial of issuance of a license or registration* (See Appendix A). The sentence is:

1. Conviction of a felony or of a misdemeanor involving moral turpitude;

All of the VBSW regulations must emanate from some statutory authority. On the VBSW website are Laws Governing Social Work and Laws Governing All Health Professions. I made a search of the text of all of these Laws looking for the words "moral," "turpitude," or "moral turpitude."

Virginia Society for Clinical Social Work
Joseph G. Lynch LCSW - Legislative Vice President
3549 Majestic Circle, Broadway VA 22815 (540) 421-4345 lynchj@newmanavenue.com

There were no matches in the Laws Governing Social Work. In the Laws Governing All Health Professions there was one law (the same law is listed twice) that contained the words “moral turpitude.” (See Appendix B). The law is:

§ 54.1-2400.6. Hospitals, other health care institutions, home health and hospice organizations, and assisted living facilities required to report disciplinary actions against and certain disorders of health professionals; immunity from liability; failure to report. (See Appendix C)

There are three paragraphs (#3,4 and 5) that mention “moral turpitude.” Moral Turpitude is one of five items listed in this law that must be reported to the Director of the Department of Health Professions.

The five items in this statute are:

1. *intentional or negligent conduct that causes or is likely to cause injury to a patient or patients,*
2. *professional ethics,*
3. *professional incompetence,*
4. *moral turpitude, or*
5. *substance abuse.*

In the section of VBSW regulations that contain the phrase “moral turpitude” the paragraph starts out with the phrase “*The board may refuse...*” That language means that the intent of the regulation was to give the VBSW the authority to review and *if they so choose* the Board may refuse to do different things.

VSCSW AND GWSCSW RECOMMENDATIONS:

The only law that governs all health professions that contains the words “moral turpitude” does not contain the words “felony” or “misdemeanor.” The Commonwealth is required to give notice to licensees of any restrictions on the right of every person to engage in any lawful profession. None of the Laws listed on the VBSW website that Govern The Practice of Social Work or Govern all Health Professions contain the phrase “*Conviction of a felony or of a misdemeanor involving moral turpitude.*”

The words “moral turpitude” only appear in § 54.1-2400.6. There is no reason for the VBSW to select only one of the five items listed in § 54.1-2400.6 to place in the VBSW regulations. We recommend that the VBSW not attempt to define “moral turpitude.” Rather we recommend that the VBSW revise the 18VAC140-20-160. *Grounds for disciplinary action or denial of issuance of a license or registration* to be:

- 1. Being reported to the Director of the Department of Health Professions under § 54.1-2400.6 (1), (2), (3), (4), or (5).*
- 2. Conviction of a felony or misdemeanor.*

I was not able to find a statute to support #2 but on the Application for the LCSW license it ask if the person has a conviction for a felony or misdemeanor so I am going to assume there is a statute to support this being in the regulations.

This revision maintains the option for the VBSW to consider moral turpitude but within the context of all of the items listed in § 54.1-2400.6.

Sincerely,

Joseph G. Lynch LCSW
Legislative Vice President VSCSW

The health professional may submit a separate report if he disagrees with the substance of the report.

This section shall not be construed to require the hospital, health care institution, home health or hospice organization, assisted living facility, or provider to submit any proceedings, minutes, records, or reports that are privileged under § 8.01-581.17, except that the provisions of § 8.01-581.17 shall not bar (i) any report required by this section or (ii) any requested medical records that are necessary to investigate unprofessional conduct reported pursuant to this subtitle or unprofessional conduct that should have been reported pursuant to this subtitle. Under no circumstances shall compliance with this section be construed to waive or limit the privilege provided in § 8.01-581.17. No person or entity shall be obligated to report any matter to the Department or the Office if the person or entity has actual notice that the same matter has already been reported to the Department or the Office.

B. Any report required by this section concerning the commitment or admission of such health professional as a patient shall be made within five days of when the chief executive officer, chief of staff, director, or administrator learns of such commitment or admission.
