There are currently 55 regulations in place. Of this number, 4 are in the process of amendment; 14 repealed; 7 new regulations being promulgated; totaling 62 regulatory actions.

Chair Brisendine thanked Mr. Martin for his comprehensive report and asked if staff would provide information at the April meeting on the differences between day care centers; homes; and registered versus voluntarily registered homes.

### **Child Welfare Update**

*Paul McWhinney*, Director Division of Family Services spoke briefly on the Governor's Conference, advising there were 600 participants and 40 breakout sessions. There were many positive comments that came out of this conference including "the theme was clear that we are and must do better for children and families who come to the attention of the Virginia Child Welfare System."

Mr. McWhinney advised they have implemented an "*Agents of Change*" leadership program for current and emerging leaders in the field of children's services. Five clusters met in January and will continue through June. Members recognized Western Region did not have representation.

Mr. McWhinney advised that Safe Measures training continues and he would be happy to present further information on this data management tool available to local agencies at a future meeting.

He spoke on Family Engagement and advised a statewide rollout with VDSS Broadcast 6050. Roundtables are being conducted in each region for first phase agencies and an excellent training video is almost ready. He advised that a Request for Application for Court Improvement funding was issued for five grants. Family Engagement is a way to deliver better practices to children/families by reducing the number of children in care and reducing the number of caseloads. Ms. Hornsby suggested engaging in a guidance document.

Mr. McWhinney advised that regional peer collaborative is going well-localities are requesting more assistance. Round three begins in February.

He reported on the Child and Family Services Review, advising that federal partners visited in January. The draft Program Improvement Plan (PIP) is due at the end of February. Four key strategies identified were engage families; improve assessment and service delivery; reengineer training; and manage by data and quality assurance.

The Chair thanked Mr. McWhinney for his exceptional work in this arena.

### **Child Fatality Report**

*Rita Katzman*, Manager of the Child Protective Services Program provided members a copy of the report on *Child Deaths Due to Abuse or Neglect in Virginia during State Fiscal Year 2009*.

After reviewing this report, members asked for further data on items such as “was poverty an issue; were grandparents listed on the report short term or long term caretakers; were these cases using Structured Decision Making (SDM) and review data year-by-year of cases known to the system.”

There was some concern that SDM data is not as strong as it should be and that staff is not fully utilizing the use of this tool.

The Child Abuse Prevention Conference will be held in Richmond April 22, 2010. The Board will receive further information as this date nears.

Ms. Luca felt this issue needs to be discussed more often. The Board is willing to do whatever is necessary to make a difference. Suggestion made that the Board could work with groups that would complement each other’s work in this area and considered by Ms. Hornsby’s committee before bringing to the full Board.

### **Comment Period**

#### **Comment from the Public**

Stephen Eubank, J. Thompson Shrader & Associates, P.C. representing Amherst County Department of Social Services spoke on 22 VAC 40-910. (Copy attached to the official minutes housed in the home office.)

#### **Comment from Local Boards and Directors of Social Services**

Eddie Harrison, Russell County Department of Social Services Director reminded us that local agencies have done so much with so little for so long. He remarked it was sad that companion services are being cut. He mentioned they have a large elderly population in his area and it cost more to keep the elderly in a home versus living on their own.

He advised that locals are not totally opposed to decisions made at the state level. He said SDM is a great instrument. He said we must take things slowly. He

mentioned there was a significant drug problem in southwest Virginia and that they are developing a federal grant to assist with these issues.

He reminded everyone of the importance of training and its importance in transformation, SDM, and family engagement.

**Comments from Dr. William A. Hazel, Jr.**

Governor McDonnell appointed Dr. Hazel to the position of Secretary of Health and Human Resources. Dr. Hazel is involved with numerous healthcare related associations and societies. He is a board certified orthopedic surgeon and is a founding partner of Commonwealth Orthopedics and Rehabilitation.

Dr. Hazel commended the Board on the work they do on behalf of the citizens of the Commonwealth. He spoke briefly on the budget and the upcoming cuts. He is committed to helping this system become stronger and work more effectively.

Members, in turn, introduced themselves to the Secretary and gave a briefing on their backgrounds. They also remarked how fortunate we are to have Margaret Schultze serve as Interim Commissioner.

Chair Brisendine remarked on Board priorities, mentioning the Transformation Project and the issue of Poverty. There was discussion about forming a taskforce that would look at the issues of homelessness and poverty.

Members thanked Dr. Hazel and his wife Cindy for taking time from their busy schedules to speak with the Board today.

**Comment from the Virginia League of Social Service Executives**

*Sarah Snead*, President provided greetings from the League and congratulated Margaret Schultze on her new position.

She provided highlights on the challenging issues that locals are now facing to include increased workloads, services and applications; potential budget cuts; and reductions in program training and travel.

Ms Snead confirmed they are committed to serving the citizens of the Commonwealth, are passionate about the people they serve and plan to continue to do the best job possible.

Localities are stretched to the breaking point with implementation of new initiatives while resources continue to decrease dramatically. Ms. Snead referred to a letter addressed to the Commissioner regarding SDM and Family Engagement

reconsideration. These should be options for locals and not implementing new mandates to being new initiatives.

She said we all believe in child transformation but need to look at the timelines and multiple initiatives coming out at one time. She asked the Board to support the League.

The next VLSSE Board meeting date is in April in Fredericksburg and the State Board was welcomed to attend.

#### Discussion

Members asked Ms. Snead to speak on SDM. She is concerned the data does not support the change outcome; it is more time-consuming; and there is no data to support using SDM makes children safer. Ms. Snead provided further detailed information to the Board on the pros and cons of this initiative.

Ms. Brisendine thanked Ms. Snead for her directness and wanted to ensure the VLSSE that the Board hears their concerns.

#### **Comment from the Virginia Community Action Partnership**

*Jim Schuyler*, Executive Director of VACAP, provided members with the 2009 Annual Report and a copy of funding for Community Action Agencies. (Copy attached to the official minutes housed in the home office.)

Mr. Schuyler shared his concern there were no available funds in the Governor's proposed budget this year and spoke of the challenging times ahead. He stated there is no bigger anti-poverty program than EITC and asked members to assist in whatever extent possible with this very important program.

(Copy attached to the Minutes.)

#### **Earned Income Tax Credit (EITC)**

*Erik Beecroft*, Director of Research and Nikki Nicholau, Director of Volunteerism & Community Services spoke to the Board on EITC eligibility and participation in 2008 for Medicaid, Food Stamps, and TANF clients in Virginia. According to the IRS, in tax year 2008, a total of 534,000 households in Virginia claimed the EITC, for a total of \$1 billion in benefits. VDSS clients therefore account for one of every four EITC claimants statewide, and about one-third of total EITC benefits statewide. They continue to look at ways to encourage people to file taxes so they can take advantage of EITC.

Carolyn Spohrer spoke to the Board on the Virginia Cash Campaign—creating assets, savings, and hope.

**Comment from the Commissioner of Social Services**

*Margaret Ross Schultze* thanked the Board and department staff for their support to her as Interim Commissioner.

TANF Emergency Fund- this is the most challenging fund to draw down because you must spend more to pull more down. Considering financial cuts, we can pull down \$29 million. Local agencies have asked if they can piggy back of another agency to draw funds. Thirteen proposals from ten organizations have been reviewed to draw an additional \$13 million. (There is a September 30 deadline to spend this money.)

Information system for childcare has signed a contract for automation using ARRA funds.

Ms. Brisendine suggested monitoring the CLASP organization website for information on approved grants.

Portability Auxiliary Grant-the Board was asked to work with the department on plan for this project. The grant will be portable and cost neutral. The Appropriation Act allowed us to voluntarily conduct a pilot but incurred two obstacles—Medicaid eligibility and maintenance of effort issue. After much consideration and work by Karin Clark, heading up this effort, the pilot was abandoned in October 2009.

Members thanked Commissioner Schultze for her continued hard work and complimented her on “hitting the ground running”.

Chair Brisendine thanked members for being engaged these past two days and for their support in attending the Commissioner’s farewell dinner party. Thanks to Richard Martin, Al Wilson and Pat Rengnerth and department staff for their continued support to the Board.
