MINUTES MEETING OF THE COMMONWEALTH TRANSPORTATION BOARD ACTION MEETING

July 14, 2020

9:00 a.m. or upon adjournment of the July 14, 2020 Workshop Meeting

Governor Ralph Northam declared a state of emergency in Virginia on Thursday, March 12 in response to COVID-19. In light of this action, the Action Meeting of the July 14, 2020 Commonwealth Transportation Board (CTB) was conducted using electronic communications in accord with Item 4-0.01.g. of Chapter 1289 (2020 Acts of Assembly), as the COVID-19 emergency makes it impracticable or unsafe to assemble in a single location. The purpose of the meeting was to discuss or transact the business statutorily required or necessary to continue operation of the CTB and the discharge of its lawful purposes, duties, and responsibilities.

All board members participated remotely using a Webex platform. Members of the public were able to witness the meeting online via live-streaming at the following internet link: http://www.ctb.virginia.gov/public_meetings/live_stream/default.asp and were provided the opportunity to provide public comment telephonically at the outset of the meeting using a dial in number provided in the online meeting public notice.

The online internet public notice for the meeting noted that this meeting would be conducted using an electronic process due to the COVID-19 state of emergency and as a precaution to reduce the risk and spread of the novel coronavirus. The online meeting public notice also furnished the Agenda and Board materials as well as information regarding the availability of online live-streaming of the meeting at the noted link.

Online viewers were furnished a telephone number to call to notify staff of any interruption of the live streaming of the meeting in accordance with Item 4-0.01.g. of Chapter 1289 and Section 2.2-3708.2 of the Code of Virginia; and no interruption of the live streaming was noted during the meeting.

The Chair, Shannon Valentine, presided and called the meeting to order at 1:11 p.m. on July 14, 2020.

Present: Messrs. Brown, Dodson, Johnsen, Kasprowicz, Malbon, Miller, Rucker, Stinson, Smoot, Whitworth, Williams, Yates and, Ms. DeTuncq, Ms. Hynes; Mr. Brich, ex officio, Commissioner of Highways and Ms. Mitchell, ex officio, Director of the Department of Rail and Public Transportation.

Absent: None

Prior to taking up any agenda items Mr. Whitworth made the following motion:
In light of the continuing state of emergency declared by Governor Northam, where it is impracticable or unsafe to assemble a quorum in a single location, I move that we adopt this agenda to take action to discuss or transact the business statutorily required or necessary to continue operation of the Commonwealth Transportation Board. This motion was seconded by Mr. Miller, a roll call vote was taken with all present voting aye, the motion passed unanimously.

Public Comments:

Mr. Mike Cobb addressed the Board regarding the use of Fort Wool as a bird sanctuary.

July 2020 CTB Meeting

C10

0077-098-828, C501, B653, B654

Wythe County

The purpose of the project was to replace two bridges carrying I-77 over Cove Creek, just north of Wytheville. The existing southbound I-77 bridge is VA Str. No 098-2036 (Federal ID 19566) and the existing northbound I-77 bridge is VA Str. No 098-2035 (Federal ID 19565).

The NBL and SBL existing multi-span bridges were 282' and 264' long, respectively, and were 36' wide out-to-out with a 45 degree skew angle for the substructures to match Cove Creek. The replacement project provides shorter bridges using a 188'-0" steel plate girder simple span and a zero degree skew. Bridge abutments are semi-integral, steel pile supported, structures on top of variable height MSE walls laid out in a "saw tooth" pattern to accommodate the zero degree skew bridge ends and the 45 degree stream crossing. The geometry of the MSE walls also accommodate future roadway widening by adding space for a 12' lane on the right side and widening the proposed 6' left shoulder to be 12' in the future. Replacement bridge span lengths were set based on minimizing impact to the existing 100-year flood elevation for Cove Creek.

Construction will be phased to maintain two lanes of traffic in each direction. The sequence of construction will require the new SBL structure to be built in portions in two different phases with the new NBL structure being constructed in a single construction phase. To maintain traffic, lane shifts will utilize transitions and temporary diversions in the median between the two bridges.

Fixed Completion Date: January 9, 2023
