This is especially timely since as plans advance to refresh and update the library space to better meet the needs of patrons and staff. The group will develop interpretive goals for a long-term installation of key documents that educate visitors about Virginia's role in the American history and inspire patrons to discover their personal stories using the LVA collections. The design will respect the preservation and security of these documents, engage learners of all ages, and encourage visitors discover and learn more about Virginia and their place in it. The group will work quickly to develop learning objectives and to find models from other institutions to inspire the design process. The group will share their analysis to the Senior Leadership Team and the Library Management team later in the summer.

B. **State Records Center Expansion Project Update:** The State Records Center Expansion project will receive the final allotment of cash on July 1 that will allow the project to move into the Construction Documents phase which will culminate in the project being put the project out to bid and hiring a general contractor. Completion expected in sometime in 2026. The expansion was conceived of as a joint storage solution for LVA and VCU to house 3,000,000 bound volumes in addition to archival material where VCU is a tenant, and we provide storage services. The new addition will be 21,000 square feet with 34' tall compact mobile shelving. The project will also include the renovation of the existing administrative area.

C. **Website Redesign Update:** The Library's website redesign project with local UX/UI design firm, BKO, is about mid-way finished. To date, the user survey and interview portion of the project is complete, with the analysis of that data informing the direction for the redesign. The team of Library staff are now working with BKO on

- information architecture and page mockups. A roadmap for development and implementation will round out the engagement by mid-August.
- D. **Addendum to Ancestry Agreement:** The Library has signed its second addendum to the Ancestry agreement that supports a digitization and indexing collaborative between the two entities. It involves the sharing of Virginia Untold: the African American Narrative metadata with Ancestry for inclusion in their philanthropic project to make historical records of historically marginalized individuals from throughout the world freely available to the public via Ancestry. The public discovering this content on Ancestry will be directed to the Library's digital platform to view images. The Library joins other institutions, such as the U.S. National Holocaust Museum, the Japanese American National Museum, the National Archive of Curaçao, and others in this work.

For Records Management month in April, the RA section held its first virtual Records Management Town Hall. The topic was how to manage electronic records. Nearly 400 records officers across the commonwealth participated. A second virtual event is scheduled for October. Records Analyst staff created or updated records management tutorials that records officers can access on our YouTube site.
- III. **Adjournment:** Hearing no additional business, Committee Chair Broadbent adjourned the meeting at 9:20 a.m.

## LEGISLATIVE AND FINANCE COMMITTEE

June 21, 2024 | 9:30 – 10:20 a.m.

Conference Room A, Library of Virginia

### Minutes

**Members Present:** L. Preston Bryant Jr. (Committee Chair), Laura L.L. Blevins, C. Paul Brockwell Jr., Suzette Denslow, Blythe Ann Scott, Malfourd W. “Bo” Trumbo

**Members Absent:** Maya Castillo and Leonard Tengco

**LVA Staff Present:** Dennis T. Clark, Librarian of Virginia; Daniel Hinderliter, Deputy for Finance & Administrative Services; John Metz, Deputy for Collections & Programs

- I. **Call to Order:** L. Preston Bryant Jr. convened the meeting at 9:30 a.m. He gave an overview of the General Assembly session actions to date. He also identified that the Administration is focusing on investments for maintaining existing buildings versus new construction. This highlights the significance of the funds assigned the renovation of the Library of Virginia. Mr. Bryant asked Dan Hinderliter to share the specific impact of the session with the Board.
- II. **Impact of Appropriation Act, Chapter 2:** The General Assembly’s recently approved Appropriation Act increases State Aid to \$26,797,584 for FY25 and 26, which represents a \$2.5 million increase through the formula, with a \$190,070 each year supplement to Fairfax Public Library System. The Library’s budget included incremental adjustments to offset actual increases in rates for administrative fees/obligations, so they are net zero impact to the Library. The maintenance reserve funding for the State Records Center was increased to \$250,000 for each year, which is significantly higher the previous amount of \$180,000. Chiller and boiler systems are the highest priorities to maintain.
- III. **Capital Projects Updates on State Records Center and 800 E. Broad Street:** The Governor and the General Assembly provided planning dollars and appropriation for the renovation of 800 East Broad Street. This Dedicated Special Revenue is provided in FY25 in the amount of \$2,623,000. The funding is provided to the Department of General Services, and the Library has met with DGS agency leadership about the project. A project manager has been assigned (Richard Kurtz). DGS is conducting the management and procurement, however LVA staff will play significant roles in defining scope, evaluating proposals, and all aspects of project management. The Library is anticipating funding for SRC Construction shortly. This is currently a budgetary issue since the initial funding for the new extension did not provide furnishings, a category that includes the shelving and lift which will be essential.
- IV. **Review of Statement of Financial Condition:** Dan reviewed the Statement of Financial Condition for the current fiscal year through May 31, 2024. General funds are 97% expended through 11 months, federal funds are 92% expended, special funds are 76% expended, and CCRP funds are 90% expended. All funds combined represents 95% of funds expended.
- V. **Adjournment:** Hearing no addition business, Chair Bryant adjourned the meeting at 10:20 a.m.
