## **AGENDA**

### **11. DISCUSSION**

Inter-State Fisheries Management. VMRC Fisheries Management Division routinely interacts with numerous inter-state fisheries agencies such as the Atlantic States Marine Fisheries Commission and the Mid Atlantic Fishery Management Council. This presentation is a primer for future presentations on how the Commission works with these agencies in decision making regarding management of many of the Commonwealth's fisheries.

## PAGE 2 ITEMS

### A. CITY OF NEWPORT NEWS, #21-2393

Requests authorization to install shoreline stabilization structures and clean sand fill channelward of mean low water adjacent to Riverview Park Farms, 105 City Farm Road, along the Warwick River in the City of Newport News. Components include: two (2) 170-foot offshore stone breakwaters, one (1) 150-foot riprap spur, and 10,000 cubic yards of clean sand fill sprigged with wetland, beach and backshore plantings to create 950 linear feet of living shoreline.

### B. VIRGINIA DEPARTMENT OF WILDLIFE RESOURCES, #21-2589

Requests authorization to anchor up to three (3) barges, from mid-March through mid-September annually, to create up to 65,000 square feet of temporary bird nesting habitat in Hampton Roads adjacent to Fort Wool in the City of Hampton. Anchors and chains are to be left in place year round until the project is complete. When not in use, chains will be placed on the anchor footprint.

### C. NAVAL STATION NORFOLK, #21-1707

Requests authorization to construct a concrete wharf and approximately 1,483 linear feet of replacement steel bulkheading adjacent to Pier 3 and the Elizabeth River in the City of Norfolk. The new wall will be aligned a maximum of 8.5 feet channelward of the deteriorated bulkhead's western facing reach, and 4 feet channelward of its north facing reach. Existing scour holes under the proposed concrete platform will be filled with VDOT #1 stone.
