

9 VAC 20-60-1285 - PERMIT APPLICATION FEE SCHEDULE

VIRGINIA HAZARDOUS WASTE MANAGEMENT REGULATIONS

9VAC20-60-1285. Permit application fee schedule.

(The effective date of this fee schedule is ~~October 1, 1984~~ July 2, 2002.)

A. Transporter fees.

Transporters with terminals or other facilities within the Commonwealth.	\$ 80	<u>420</u>
--	------------------	------------

Other transporters.	\$ 120	<u>360</u>
---------------------	-------------------	------------

B. New TSD facility fees.

Base fee for all facilities, including corrective action for solid waste management units.	\$ 9,720	<u>29,160</u>
--	---------------------	---------------

Supplementary fee for one or more land-based TSD units, including corrective action for solid waste management units.	\$ 22,590	<u>67,770</u>
---	----------------------	---------------

Supplementary fee for one or more incineration, boiler, or industrial furnace units (BIF).	\$ 14,490	<u>43,470</u>
--	----------------------	---------------

C. Major (Class 3) Permit modification fees.

Base fee for all major (Class 3) modifications, including major changes related to corrective action for solid waste management unit.	\$ 50	<u>150</u>
---	------------------	------------

Addition of new wastes.	\$ 1,330	<u>3,990</u>
-------------------------	---------------------	--------------

Addition of or major (Class 3) change to one or more land-based TSD units, including major change related to corrective action for land-based solid waste management units.	\$ 25,920	<u>77,760</u>
---	----------------------	---------------

Addition of or major (Class 3) change to one or more incineration, boiler, or industrial furnace units.	\$ 19,430	<u>58,290</u>
---	----------------------	---------------

Addition of or major (Class 3) change to other treatment, storage or disposal	\$ 8,080	<u>24,240</u>
---	---------------------	---------------

9 VAC 20-60-1285 - PERMIT APPLICATION FEE SCHEDULE

VIRGINIA HAZARDOUS WASTE MANAGEMENT REGULATIONS

units, processes or areas and major change related to corrective action for solid waste management units that are not land based.

Substantive changes (Class 2).	\$1,330	<u>3,990</u>
--------------------------------	---------	--------------

D. Minor (Class 1) permit modification fees.

Minor (Class 1) permit modification fee.	\$50	<u>150</u>
--	------	------------

E. Emergency permit fees.

Emergency permit fee.	\$1,330	<u>3,990</u>
-----------------------	---------	--------------

Illustrative Examples (Note: from July 1, 2002 until June 30, 2003, the fee amounts in the examples below should be tripled in order to calculate the required fee.)

Example 1.

The applicant is submitting a Part B application for a HWM permit for a facility consisting of several surface impoundments, a land treatment process and an ancillary tank and container storage facility. The required fee is calculated as follows:

Base Fee.	\$ 9,720
Supplementary fee for land-based TSD units.	\$22,590
Tank storage facility (see 9VAC20-60-1270 C 4).	\$0

Total fee.	\$32,310

Example 2.

After a HWM facility permit has been issued to the facility described in Example 1, the owner and the operator of the facility propose to change the manufacturing process and apply for a modification to allow for an addition of several

9 VAC 20-60-1285 - PERMIT APPLICATION FEE SCHEDULE

VIRGINIA HAZARDOUS WASTE MANAGEMENT REGULATIONS

new hazardous streams to be treated in two new incinerators. The required modification fee is calculated from subsection C of this section as follows:

Base fee.	\$50
Addition of new wastes.	\$1,330
Addition of new incineration units.	\$19,430

Total modification fee.	\$20,810

The fee for a comparable new permit calculated on the basis of subsection B of this section is as follows:

Base fee.	\$9,720
Supplementary fee for land-based units.	\$22,590
Supplementary fee for incineration units.	\$14,490
Storage facility.	\$0

Total fee.	\$46,800

which is larger than the required modification fee, so that the provisions of 9VAC20-60-1270 D 7 do not apply and the proper fee is \$20,810.

Example 3.

After a HWM facility permit has been issued to the facility described in Example 1, the owner and the operator of the facility propose to expand their container storage facility for a storage of additional new waste streams, and apply for a permit modification. The required modification fee is calculated from subsection C of this section as follows:

Base fee.	\$50
-----------	------
