

Proposed Regulation Agency Background Document

Agency name	Department of Forensic Science
Virginia Administrative Code (VAC) citation	_6__ VAC_40__ - _60__
Regulation title	DNA Data Bank Regulations
Action title	Regulations for obtaining information from the Virginia DNA data bank and procedures for verifying the identity and authority of persons requesting information from the Virginia DNA data bank.
Date this document prepared	December 30, 2010

This information is required for executive branch review and the Virginia Registrar of Regulations, pursuant to the Virginia Administrative Process Act (APA), Executive Orders 14 (2010) and 58 (1999), and the *Virginia Register Form, Style, and Procedure Manual*.

Brief summary

In a short paragraph, please summarize all substantive provisions of new regulations or changes to existing regulations that are being proposed in this regulatory action.

The proposed regulation will establish the methods for obtaining information from the Virginia DNA data bank and procedures for verifying the identity and authority of persons requesting information from the Virginia DNA data bank pursuant to the requirements of Virginia Code § 19.1-310.5.

Acronyms and Definitions

Please define all acronyms used in the Agency Background Document. Also, please define any technical terms that are used in the document that are not also defined in the "Definition" section of the regulations.

All relevant acronyms and technical terms are defined in the Definition section of the proposed regulation.

Legal basis

Please identify the state and/or federal legal authority to promulgate this proposed regulation, including (1) the most relevant law and/or regulation, including Code of Virginia citation and General Assembly chapter number(s), if applicable, and (2) promulgating entity, i.e., the agency, board or person. Describe the legal authority and the extent to which the authority is mandatory or discretionary.

Pursuant to Virginia Code § 19.2-310.5, the Department of Forensic Science “shall adopt regulations governing (i) the methods of obtaining information from the data bank in accordance with this section and (ii) procedures for verification of the identity and authority of the requestor.” The regulations will be promulgated by the Department of Forensic Science and are necessary to fulfill the statutory mandate.

Purpose

Please explain the need for the new or amended regulation by (1) detailing the specific reasons why this regulatory action is essential to protect the health, safety, or welfare of citizens, and (2) discussing the goals of the proposal, the environmental benefits, and the problems the proposal is intended to solve.

The proposed regulation will establish the methods for obtaining information from the Virginia DNA data bank and procedures for verifying the identity and authority of persons requesting information from the Virginia DNA data bank pursuant to the requirements of Virginia Code § 19.2-310.5. In fulfilling this statutory mandate, the proposal also achieves the important goal of fully informing stakeholders of processes related to the Virginia DNA data bank. The proposed regulation does not have any known environmental benefit.

Substance

Please briefly identify and explain new substantive provisions (for new regulations), substantive changes to existing sections or both where appropriate. (More detail about all provisions or changes is requested in the “Detail of changes” section.)

The proposed regulation details the process by which a law enforcement officer may:

- a) inquire whether or not an individual’s DNA profile is in the DNA data bank; and
- b) obtain information relating to specific Virginia forensic laboratory examinations involving the analysis and comparison of two or more DNA samples; and
- c) request DNA data bank information relating to out-of-state forensic laboratory examination.

Additionally, the proposal directs the provision of data bank information to the Department of Corrections and the Department of Juvenile Justice shall be by a secure electronic exchange of data and directs the Department of Forensic Science to maintain a list of employee positions requiring regular data bank access on its website.

Issues

Please identify the issues associated with the proposed regulatory action, including:

- 1) the primary advantages and disadvantages to the public, such as individual private citizens or businesses, of implementing the new or amended provisions;
- 2) the primary advantages and disadvantages to the agency or the Commonwealth; and
- 3) other pertinent matters of interest to the regulated community, government officials, and the public.

If the regulatory action poses no disadvantages to the public or the Commonwealth, please indicate.

The proposed regulation poses no known disadvantages to the public or the Commonwealth.

Requirements more restrictive than federal

Please identify and describe any requirements of the proposal, which are more restrictive than applicable federal requirements. Include a rationale for the more restrictive requirements. If there are no applicable federal requirements or no requirements that exceed applicable federal requirements, include a statement to that effect.

The proposed regulation does not exceed applicable federal requirements.

Localities particularly affected

Please identify any locality particularly affected by the proposed regulation. Locality particularly affected means any locality which bears any identified disproportionate material impact which would not be experienced by other localities.

The proposed regulation does not particularly affect any locality.

Public participation

Please include a statement that in addition to any other comments on the proposal, the agency is seeking comments on the costs and benefits of the proposal and the impacts of the regulated community.

In addition to any other comments, the board/agency is seeking comments on the costs and benefits of the proposal and the potential impacts of this regulatory proposal. Also, the agency/board is seeking information on impacts on small businesses as defined in § 2.2-4007.1 of the Code of Virginia. Information may include 1) projected reporting, recordkeeping and other administrative costs, 2) probable effect of the regulation on affected small businesses, and 3) description of less intrusive or costly alternative methods of achieving the purpose of the regulation.

Anyone wishing to submit written comments may do so via the Regulatory Townhall website, www.townhall.virginia.gov, or by mail, email or fax to Stephanie E. Merritt, Virginia Department of Forensic Science, 700 North 5th Street, Richmond, VA 23219, (804) 786-4707, (804) 786-6857 (Fax), Stephanie.Merritt@dfs.virginia.gov. Written comments must include the name and address of the commenter. In order to be considered, comments must be received by the last date of the public comment period.

Economic impact

Please identify the anticipated economic impact of the proposed new regulations or amendments to the existing regulation. When describing a particular economic impact, please specify which new requirement or change in requirements create the anticipated economic impact.

Projected cost to the state to implement and enforce the proposed regulation, including (a) fund source, and (b) a delineation of one-time versus on-going expenditures.	The cost of obtaining information from the Virginia DNA data bank is included in the current budget for the Department of Forensic Science. No additional costs to the state are anticipated.
Projected cost of the <i>new regulations or changes to existing regulations</i> on localities.	There is no projected cost to localities.
Description of the individuals, businesses or other entities likely to be affected by the <i>new regulations or changes to existing regulations</i>.	The proposed regulation affects federal, state and local law enforcement officers requesting information from the Virginia DNA data bank.
Agency’s best estimate of the number of such entities that will be affected. Please include an estimate of the number of small businesses affected. Small business means a business entity, including its affiliates, that (i) is independently owned and operated and (ii) employs fewer than 500 full-time employees or has gross annual sales of less than \$6 million.	The Department serves approximately 600 law enforcement and state agencies, each of whom <i>may</i> submit evidence for DNA analysis or request information regarding an individual’s presence in the DNA data bank.
All projected costs of the <i>new regulations or changes to existing regulations</i> for affected individuals, businesses, or other entities. Please be specific and include all costs. Be sure to include the projected reporting, recordkeeping, and other administrative costs required for compliance by small businesses. Specify any costs related to the development of real estate for commercial or residential purposes that are a consequence of the proposed regulatory changes or new regulations.	There are no projected costs to individuals.
Beneficial impact the regulation is designed to produce.	The regulation is designed to fulfill the statutory requirements of Virginia Code § 19.2-310.5.

Alternatives

Please describe any viable alternatives to the proposal considered and the rationale used by the agency to select the least burdensome or intrusive alternative that meets the essential purpose of the action. Also, include discussion of less intrusive or less costly alternatives for small businesses, as defined in §2.2-4007.1 of the Code of Virginia, of achieving the purpose of the regulation.

Because the proposed regulation is required by Virginia Code § 19.2-310.5, there are no viable alternatives to regulatory action.

Regulatory flexibility analysis

Please describe the agency’s analysis of alternative regulatory methods, consistent with health, safety, environmental, and economic welfare, that will accomplish the objectives of applicable law while minimizing the adverse impact on small business. Alternative regulatory methods include, at a minimum: 1) the establishment of less stringent compliance or reporting requirements; 2) the establishment of less stringent schedules or deadlines for compliance or reporting requirements; 3) the consolidation or simplification of compliance or reporting requirements; 4) the establishment of performance standards for small businesses to replace design or operational standards required in the proposed regulation; and 5) the exemption of small businesses from all or any part of the requirements contained in the proposed regulation.

There are no known alternatives.

Public comment

Please summarize all comments received during the public comment period following the publication of the NOIRA, and provide the agency response.

No comments were received.

Family impact

Please assess the impact of the proposed regulatory action on the institution of the family and family stability including to what extent the regulatory action will: 1) strengthen or erode the authority and rights of parents in the education, nurturing, and supervision of their children; 2) encourage or discourage economic self-sufficiency, self-pride, and the assumption of responsibility for oneself, one’s spouse, and one’s children and/or elderly parents; 3) strengthen or erode the marital commitment; and 4) increase or decrease disposable family income.

There is no family impact.

Detail of changes

Please list all changes that are being proposed and the consequences of the proposed changes. If the proposed regulation is a new chapter, describe the intent of the language and the expected impact if implemented in each section. Please describe the difference between the requirements of the new provisions and the current practice or if applicable, the requirements of other existing regulations in place.

If the proposed regulation is intended to replace an emergency regulation, please list separately (1) all provisions of the new regulation or changes to existing regulations between the pre-emergency regulation

and the proposed regulation, and (2) only changes made since the publication of the emergency regulation.

For changes to existing regulations, use this chart:

Current section number	Proposed new section number, if applicable	Current requirement	Proposed change, rationale, and consequences

For new chapters, use this chart:

Section number	Proposed requirements	Other regulations and law that apply	Intent and likely impact of proposed requirements

The proposed regulation details the process by which a law enforcement officer may:

- d) inquire whether or not an individual’s DNA profile is in the DNA data bank; and
- e) obtain information relating to specific Virginia forensic laboratory examinations involving the analysis and comparison of two or more DNA samples; and
- f) request DNA data bank information relating to out-of-state forensic laboratory examination.

Additionally, the proposal directs the provision of data bank information to the Department of Corrections and the Department of Juvenile Justice shall be by a secure electronic exchange of data and directs the Department of Forensic Science to maintain a list of employee positions requiring regular data bank access on its website.

The procedures detailed in the proposal are consistent with the existing practices of the Department of Forensic Science.
