Please provide a brief summary (preferably no more than 2 or 3 paragraphs) of the proposed new regulation, proposed amendments to the existing regulation, or the regulation proposed to be repealed. Alert the reader to all substantive matters or changes. If applicable, generally describe the existing regulation.

The proposed amendment updates the Virginia Board of Accountancy's fee schedule to match current services being provided and to match statutory definitions.

Acronyms and Definitions

Please define all acronyms used in the Agency Background Document. Also, please define any technical terms that are used in the document that are not also defined in the "Definition" section of the regulations.

"The Board" means the Virginia Board of Accountancy.

“CPA” means Certified Public Accountant.

Statement of final agency action

Please provide a statement of the final action taken by the agency including: 1) the date the action was taken; 2) the name of the agency taking the action; and 3) the title of the regulation.

On August 31, 2017, the Board voted to take regulatory action to amend 18VAC5-22 *et seq.*, Board of Accountancy Regulations, through the fast-track process.

Legal basis

Please identify the state and/or federal legal authority to promulgate this proposed regulation, including: 1) the most relevant citations to the Code of Virginia or General Assembly chapter number(s), if applicable; and 2) promulgating entity, i.e., agency, board, or person. Your citation should include a specific provision authorizing the promulgating entity to regulate this specific subject or program, as well as a reference to the agency/board/person’s overall regulatory authority.

Va. Code § 54.1-4403(3) grants authority to the Board to promulgate regulations, “in accordance with the Administrative Process Act (§ 2.2-4000 *et seq.*) necessary to assure continued competency, to prevent deceptive or misleading practices by licensees, and to effectively administer the regulatory system.” The Board is the promulgating entity for regulations governing public accountancy. Section 54.1-4403(4) specifically references the Board’s power to levy and collect fees.

Purpose

Please explain the need for the new or amended regulation. Describe the rationale or justification of the proposed regulatory action. Describe the specific reasons the regulation is essential to protect the health, safety or welfare of citizens. Discuss the goals of the proposal and the problems the proposal is intended to solve.

This amendment is intended to reflect current services offered by the Board and to update the definitions of services to match the Board’s statutes. The Board’s rationale is to repeal regulations—or portions of regulations—that are unnecessary or no longer in use, and to make sure that the language of its regulations matches the language of its governing statutes. As the Board is funded by the fees it collects, having an accurate and up-to-date fee schedule ensures that it can carry out its mission of protecting the welfare of citizens through a program of examination, licensure of individuals and CPA firms, consumer protection through enforcement action, continuing professional education, and peer review oversight.

Rationale for using fast-track process

Please explain the rationale for using the fast-track process in promulgating this regulation. Why do you expect this rulemaking to be noncontroversial?

This rulemaking is expected to be noncontroversial because the Board is eliminating obsolete fees and updating fee descriptions to match statutory provisions. This change is also supported by the Virginia Society of Certified Public Accountants.

Substance

Please briefly identify and explain the new substantive provisions, the substantive changes to existing sections, or both. A more detailed discussion is provided in the “Detail of changes” section below.

The proposed amendment eliminates fees for services the Board no longer performs and updates fee descriptions to match statutory provisions.

Issues

Please identify the issues associated with the proposed regulatory action, including: 1) the primary advantages and disadvantages to the public, such as individual private citizens or businesses, of implementing the new or amended provisions; 2) the primary advantages and disadvantages to the agency or the Commonwealth; and 3) other pertinent matters of interest to the regulated community, government officials, and the public. If there are no disadvantages to the public or the Commonwealth, please indicate.

- 1) There are no primary disadvantages to the public. The primary advantages to the public are reduced confusion by updating fee descriptions to match the Board’s statutory provisions. It also reduces confusion by repealing obsolete fees that are not collected since the service tied to the fee is no longer performed.
- 2) There are no primary disadvantages to the Board or the Commonwealth. The primary advantage to the Board and Commonwealth is consistency across statutes and regulations, and in ensuring the list of fees is up to date.
- 3) There is no restraint on competition as a result of promulgating this regulation.

Requirements more restrictive than federal

Please identify and describe any requirement of the proposal which is more restrictive than applicable federal requirements. Include a rationale for the need for the more restrictive requirements. If there are no applicable federal requirements or no requirements that exceed applicable federal requirements, include a statement to that effect.

Alternative regulatory methods include, at a minimum: 1) the establishment of less stringent compliance or reporting requirements; 2) the establishment of less stringent schedules or deadlines for compliance or reporting requirements; 3) the consolidation or simplification of compliance or reporting requirements; 4) the establishment of performance standards for small businesses to replace design or operational standards required in the proposed regulation; and 5) the exemption of small businesses from all or any part of the requirements contained in the proposed regulation.

There are no alternative methods consistent with health and safety of the public. The proposed amendment is neutral as the fee amounts remain unchanged.

Periodic review and small business impact review report of findings

If this fast-track is the result of a periodic review/small business impact review, use this form to report the agency's findings. Please (1) summarize all comments received during the public comment period following the publication of the Notice of Periodic Review and (2) indicate whether the regulation meets the criteria set out in Executive Order 17 (2014), e.g., is necessary for the protection of public health, safety, and welfare, and is clearly written and easily understandable. In addition, as required by 2.2-4007.1 E and F, please include a discussion of the agency's consideration of: (1) the continued need for the regulation; (2) the nature of complaints or comments received concerning the regulation from the public; (3) the complexity of the regulation; (4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and (5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation.

This proposed action is not the result of a periodic review/small business impact review.

Family impact

Please assess the impact of this regulatory action on the institution of the family and family stability including to what extent the regulatory action will: 1) strengthen or erode the authority and rights of parents in the

education, nurturing, and supervision of their children; 2) encourage or discourage economic self-sufficiency, self-pride, and the assumption of responsibility for oneself, one’s spouse, and one’s children and/or elderly parents; 3) strengthen or erode the marital commitment; and 4) increase or decrease disposable family income.

This proposed action will have no impact on the institution of the family and family stability.

Detail of changes

Please list all changes that are being proposed and the consequences of the proposed changes; explain the new requirements and what they mean rather than merely quoting the proposed text of the regulation. If the proposed regulation is a new chapter, describe the intent of the language and the expected impact. Please describe the difference between existing regulation(s) and/or agency practice(s) and what is being proposed in this regulatory action. If the proposed regulation is intended to replace an emergency regulation, please follow the instructions in the text following the three chart templates below.

Current section number	Proposed new section number, if applicable	Current requirement	Proposed change, intent, rationale, and likely impact of proposed requirements
18VAC5-22-20	N/A	(1) A fee is charged for preliminary evaluation of whether a person has met the requirements to take the CPA examination; (2) a fee is charged for providing extra wall certificates; and (3) a fee is charged for processing applications for lifting of suspensions for attest services and compilation services.	Change: Repeal fee for preliminary evaluations; update definition to say “CPA wall certificate”; and update definition to include “financial statement preparation services”. Intent: To reduce confusion by having the fee schedule reflect current Board services and statutes. Rationale: Preliminary evaluations are no longer performed, so the inclusion of this service in the fee schedule is obsolete. The updated definitions match the statutory provisions found in the Board’s statutes (Va. Code § 54.1-4400 <i>et seq.</i>), reducing confusion for the public and for Board staff on what fees are to be charged in a particular situation. Likely Impact: A simplified fee schedule that accurately reflects current services provided by Board staff and that matches statutory language.
