B. ~~Unless a private pay resident requests the uniform assessment instrument be completed by a case manager or other qualified assessor, qualified~~ For private pay individuals, qualified staff of the ACR assisted living facility or an independent private physician may complete the uniform assessment instrument ~~for private pay individuals.~~ Qualified staff of the ACR assisted living facility is an employee of the facility ~~[with completion documented of~~ who has successfully completed] state-approved ~~documented training~~ by completion of a state-approved course on ~~in the completion of~~ [on] the uniform assessment instrument for either public or private pay assessments.

ASSESSMENT IN ~~ADULT CARE RESIDENCES~~ ASSISTED LIVING FACILITIES

[The assisted living facility maintains documentation of the completed training.] The administrator or the administrator's designated representative must approve and sign the completed uniform assessment instrument for private pay individuals. A private pay individual may request the assessment be completed by a qualified public human services agency assessor. When a ~~case manager~~ public human services agency assessor completes the UAI-uniform assessment instrument for a private pay individual, the ~~case management~~ agency may determine and charge a fee for private pay applicants and residents; the fee may not exceed the fee paid by DMAS for public pay applicants and residents.

C. For public pay individuals, a uniform assessment instrument shall be completed by a case manager or ~~other~~ [a] qualified assessor to determine the need for residential [care] or assisted living [care] services. The assessor is qualified to complete the assessment if [he the assessor] has completed a state-approved training course on the state-designated uniform assessment instrument. The uniform assessment instrument is designed to be a comprehensive, accurate, standardized, and reproducible assessment of individuals seeking or receiving long-term care services.

The uniform assessment instrument is comprised of a short assessment and a full assessment. The short assessment is designed to briefly assess the individual's need for appropriate level of care and services and to determine if a full assessment is needed. ASSESSMENT IN ~~ADULT CARE RESIDENCES~~ ASSISTED LIVING FACILITIES

assessment, it is determined that the individual is dependent in at least two activities of daily living or is dependent in behavior, then the full assessment must be completed.

C. The uniform assessment instrument shall be completed within 90 days prior to the date of admission to the ~~ACR~~ assisted living facility. If there has been a change in the individual's condition since the completion of the uniform assessment instrument which would affect the admission to an ~~ACR~~ assisted living facility, a new uniform assessment instrument shall be completed as specified in 22VAC40-745-20.

2. When a resident moves to an ~~ACR~~ assisted living facility from another ~~ACR~~ assisted living facility, a new uniform assessment instrument is not required except that a new uniform assessment instrument shall be completed whenever there is a significant change in the resident's condition ~~that appears to warrant a change in the resident's approved level of care~~ or the assessment was completed more than 12 months ago.

An independent assessment is an assessment that is completed by an entity other than the original assessor. The ~~ACR~~ assisted living facility shall assist the resident in obtaining the independent assessment as requested. If the request is for a private pay resident, and the independent assessment confirms that the resident's placement is appropriate, then the entity requesting the independent assessment shall be responsible for payment of the assessment, if applicable.

F. The assessor shall consult with other appropriate human service professionals as needed to complete the assessment.

G. DMAS shall reimburse for completion of assessments and authorization of ~~ACR~~ assisted living facility placement for public pay applicants and residents pursuant to this section.

22VAC40-745-40. Discharge.

The assisted living facility must make these notifications within 10 days of the [resident's discharge or death change in the resident's status].

22VAC40-745-50. Authorization of services to be provided.

A. The assessor is responsible for authorizing the individual for the appropriate level of care for admission to and continued stay in an ~~ACR~~ assisted living facility.

B. The ~~ACR~~ assisted living facility must be knowledgeable of the criteria for level of care in an ~~ACR~~ assisted living facility and is responsible for discharge of the resident whenever a resident does not meet the criteria for level of care in an ~~ACR~~ assisted living facility upon admission or at any later time.

C. The appropriate level of care must be documented on the uniform assessment instrument, completed in a manner consistent with the definitions of activities of daily living and directions provided in the User's Manual: Virginia Uniform Assessment Instrument.

D. During an inspection or review, staff from either the Department, DMAS, or the local department of social services may initiate a change in level of care for any assisted living facility resident for whom it is determined that the resident's uniform assessment instrument is not reflective of the resident's current status.
