

FORMS AVAILABILITY

The “Minimum Standards of Entrances to State Highways” (24 VAC 30-71-10 et seq.) requires no forms of its own. It references two Land Use Permit Manual (24 VAC 30-150-10 et seq.) forms, the Permit Application Form (CE-7) and Form MP-20. Form CE-7 is available in two different formats, and Form MP-20 is available in one format. They may be accessed from VDOT’s Internet site using the following address:
