

13 VAC 5-91-120. Unregistered industrialized buildings.

~~A.~~ The local code official shall determine whether any unregistered industrialized building complies with this chapter and shall require any noncomplying unregistered building to be brought into compliance with this chapter. The local code official shall enforce all applicable requirements of this chapter including those relating to the sale, rental and disposition of noncomplying buildings. The local code official may require submission of full plans and specifications for each building. Concealed parts of the building may be exposed to the extent necessary to permit inspection to determine compliance with the applicable requirements.

~~B. Unregistered industrialized buildings offered for sale by dealers in this Commonwealth shall be marked by a warning sign to prospective purchasers that the building is not registered in accordance with this chapter and must be inspected and approved by the local code official having jurisdiction. The sign shall be of a size and form approved by the administrator and shall be conspicuously posted on the exterior of the unit near the main entrance door.~~

13 VAC 5-91-230. Manufacturer's data plate and other markings.

The following information shall be placed on one or more permanent manufacturer's data plates in the vicinity of the electrical distribution panel or in some other location that is readily accessible for inspection. The compliance assurance agency shall approve the form, completeness and location of the data plate to include the information listed below:

1. Manufacturer's name and address;
2. Serial number of the label of the compliance assurance agency;
3. Serial number of the building;
- ~~4. Name of manufacturer and model designation of major factory installed appliances;~~
5. 4. Where applicable, identification of permissible type of gas for appliances, designation of electrical ratings for single and multiple cord entrance, and directions for water and drain connections;
- ~~6.~~ 5. Serial number of the registration seal;

7. 6. Seismic design zone number; and

8. 7. Design loads: live load, dead load, snow load, and wind load.
