Article 3 (Va Code § 3.2-4738 et seq.) of Chapter 47 of Title 3.2 of the Code of Virginia establishes the licensing and bonding requirements for Virginia Agricultural Products Dealers.

Alternatives

Please describe all viable alternatives for achieving the purpose of the existing regulation that have been considered as part of the periodic review process. Include an explanation of why such alternatives were rejected and why this regulation is the least burdensome alternative available for achieving the purpose of the regulation.

The agency considered the repeal of this regulation, but determined that the regulation should be retained. The regulation establishes notice requirements for conditional buyers who reject any lot of agricultural produce as well as the requirement that dealers provide a written receipt to producers for each lot of agricultural produce received or accepted. Additionally, the regulation provides that a

producer may file a complaint with the agency if a dealer fails to comply with these requirements. The agency determined these requirements are not unnecessarily burdensome and provide an important means of protection for producers of agricultural produce.
