The Administrator reported on the merger of the Milk Commission with the Department of Agriculture. He noted that the office of the Commission would be relocated to the Washington Building on August 26, 2003. A proposal for legislative changes to complete the merger will be submitted to the Governor for possible inclusion in his legislative package. All other aspects of the merger are on target and either completed or underway.

The Administrator informed the Commission that the National Milk Producers self-help program, "CWT", has been implemented. Bids to disperse dairy herds are being accepted with a target to award bids in September with dispersal date of October. Initially the plan called for an export enhancement element to the program but the implementation date has been postponed due to the improvement in cheese prices. It is contemplated that if cheese prices weaken the export element would be implemented then.

The Deputy Administrator informed the Commission that the assessment had been reduced in accordance with previous guidance given staff by the Commission

The next Commission Meeting will be held December 16, 2003 at 10:30, at the Department of Agriculture and Consumer Services, Washington Building, 1100 Bank Street, second floor board room, Richmond, Virginia.
