July 29, 2021
Board Room 2
10:00 a.m.
Agenda
Virginia Board of Veterinary Medicine Full Board Meeting

Call to Order - Jeffery Newman, D.V.M., Board President
Page 1

- Welcome
- Emergency Egress Procedures
- Introductions
- Mission Statement

## Ordering of Agenda - Dr. Newman

## Public Comment - Dr. Newman

The Board will receive all public comment related to agenda items at this time. The Board will not receive comment on any regulatory process for which a public comment period has closed or any pending or closed complaint or disciplinary matter.

## Approval of Minutes - Dr. Newman

Pages 2-6
March 11, 2021 - Full Board Meeting
Agency Director's Report - David E. Brown, D.C., Director
Legislative/Regulatory Report - Elaine Yeatts
Update on Veterinary Nurse Regulatory Action

## Discussion Items

Pages 7-73

- 2020 Veterinary Medicine Healthcare Workforce Data Center Report - Dr. Yetty Shobo
- Veterinarians (pages 7-35)
- Veterinary Technicians (pages 36-64)
- Probable Cause Presentation - Julia Bennett/Anne Joseph
- Inspection Committee Report - Dr. Cockburn
- Review of Updates to Guidance Documents - Leslie Knachel/Ms. Yeatts
- 150-12 Administration of rabies vaccine (pages 65-67)
- 150-15 Disposition of routine inspection violations (page 68)
- 150-18 Bylaws (pages $69-73$ )
- Research for clarifying Guidance Document 150-18, Article I(A)(2) related to elections of officers - Ms. Knachel

## Board Counsel Report - Charis Mitchell

## President's Report - Dr. Newman

## Board of Health Professions' Report - Steven Karras, D.V.M.

## Staff Reports

Pages 74-78

- Executive Director's Report - Ms. Knachel /Kelli Moss
- Statistics (pages 74-75)
- Revenue and Licensing
- Discipline
- Outreach Information
- Emails (page 76)
- VVMA Presentation

## MISSION STATEMENT

Our mission is to ensure safe and competent patient care by licensing health professionals, enforcing standards of practice, and providing information to health care practitioners and the public.

# VIRGINIA BOARD OF VETERINARY MEDICINE <br> FULL BOARD MEETING <br> VIRTUAL <br> March 11, 2021 

TIME AND PLACE:

## PRESIDING OFFICER PARTICIPATING VIRTUALLY: <br> MEMBERS PARTICIPATING VIRTUALLY:

## MEMBERS NOT PRESENT:

STAFF PARTICIPATING VIRTUALLY:

A virtual meeting via Webex of the Board of Veterinary Medicine (Board) was called to order at 9:05 a.m.

Tregel Cockburn, D.V.M., President

Mary Yancey Spencer, J.D., Citizen Member, Vice-President Autumn N. Halsey, L.V.T., Secretary Ellen G. Hillyer, D.V.M. Steven B. Karras, D.V.M. Jeffery Newman, D.V.M. Bayard A. Rucker, III, D.V.M.

All members were present.
Leslie L. Knachel, Executive Director
Kelli Moss, Deputy Executive Director
Anthony C. Morales, Licensing/Operations Manager
Celia Wilson, Operations Administrative Assistant
Heather Pote, Disciplinary Case Specialist
Matt Treacy, Media Production Specialist
Barbara Allison-Bryan, M.D., Agency Chief Deputy Director
Kelly Gottschalk, D.V.M., Veterinary Review Coordinator
Amy Davis, Administrative Assistant
Charis Mitchell, Assistant Attorney General, Board Counsel
Elaine Yeatts, Senior Policy Analyst
Rebecca Schultz, Policy Specialist
Melody Morton, Inspections Manager, Enforcement Division
Eight members of the public

Dr. Cockburn welcomed attendees and requested that Ms. Knachel take a roll call of the board members present. With seven members of the Board present, a quorum was established. Ms. Knachel introduced new staff member, Heather Pote. Dr. Cockburn read the Board's mission statement.

Ms. Knachel requested to amend the Discussion Items of the agenda by removing 150-2, Guidance on Expanded Duties for Licensed Veterinary Technicians, under the Review of Guidance Documents.

Dr. Karras moved to accept the agenda with the deletion of 150-2, Guidance on Expanded Duties for Licensed Veterinary Technicians, under the Review of Guidance Documents. The motion was properly seconded by Dr. Rucker.

A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

There was no public comment.

## LEGISLATIVE/REGULATORY

UPDATE:

## DISCUSSION ITEMS:

## LEGISLATIVE/REGULATORY <br> UPDATE

Dr. Karras moved to approve the meeting minutes as presented for the following meetings:

- July 21, 2020 WebEx Training Session
- July 28, 2020 Full Board Meeting

The motion was properly seconded by Dr. Newman. A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

Dr. Allison-Bryan reported on the agency's formation of a Diversity, Equity, and Inclusion, (DEI) counsel. She then reported on COVID-19 vaccine statistics in Virginia. Dr. Allison-Bryan stated that most Boards have forgone continuing education audits for this year due to the pandemic.

## 2021 Legislative/Regulatory Update

Ms. Yeatts provided an update on the 2021 legislative session.
Ms. Yeatts experienced technical issues and asked the Board to move to the Discussion Items until the issue was resolved.

Veterinary Establishment Inspection Update
Ms. Morton provided an update on the veterinary establishment inspection process.

## 2021 Legislative/Regulatory Update Continued

Petition for Rulemaking - Consideration of Cary petition to add requirement for one hour of continuing education on the subjects of diversity, equity and inclusion.

The Board discussed the petition.
Ms. Halsey moved to deny initiating rulemaking for the Cary petition because the purpose of the Board is protection of the public and continuing education should be used to improve patient care.

The motion was properly seconded by Dr. Rucker. A roll call vote was taken by Ms. Knachel. Drs. Cockburn, Hillyer, Karras and Rucker voted "aye" and Dr. Newman voted "nay." The motion carried with a 6 to 1 vote.

Petition for Rulemaking - Consideration of Daniel petition to allow unlicensed veterinary assistant to place intravenous catheter.

The Board discussed the petition.
Ms. Halsey moved to deny the Daniel petition for rulemaking due to concerns about patient safety and the need for education and training prior to performing an invasive procedure.

The motion was properly seconded by Dr. Karras. A roll call vote was taken by Ms. Knachel. A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

## DISCUSSION ITEMS <br> CONTINUED:

## Veterinary Establishment Inspection Update Continued

## Inspection Committee

Dr. Cockburn reported on the Committee's activities.

## Review of Guidance Documents - Ms. Knachel/Ms. Yeatts

76-21.2.1, Veterinary Establishment Inspection Report
Ms. Knachel commented that the updated guidance document presented for the Board's consideration is based on the Veterinary Establishment Inspection Committee's recommendations.

The Board discussed the changes.
Dr. Rucker moved to accept the updated version of Guidance Document 7621.2.1 as presented.

The motion was properly seconded by Dr. Karras. A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

Ms. Knachel and Ms. Yeatts provided information on the following guidance documents:

- 150-3, Preceptorship and Externships for Veterinary Technician Students;
- 150-6, Ambulatory Mobile Service Establishments;
- 150-7, Disposition of Cases Involving Failure of Veterinarian-in-Charge to Notify Board of Veterinary Establishment Closure;
- 150-13, Controlled Substances (Schedule II-VI) in Veterinary Practice;
- 150-16, Protocol to follow upon discovery of a loss or theft of drugs;
- 150-23, Disposal of deceased animals; and
- 150-XX Veterinary Establishments.

The Board discussed the guidance document. Ms. Yeatts indicated that 150-XX Veterinary Establishments would be numbered as 150-26.

Ms. Halsey moved to accept the guidance documents reviewed as presented with the following changes:

- Deleting 150-6, Ambulatory Mobile Service Establishments when 150-26 Veterinary Establishments becomes effective;
- Fix a typo found in 150-23, Disposal of deceased animals.

The motion was properly seconded by Dr. Newman. A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

## Veterinary Technician vs. Veterinary Nurse Degrees

Ms. Knachel stated that several accredited veterinary technology programs have changed the degree awarded from "veterinary technology" to "veterinary nurse." The Board's regulations require a "degree in veterinary technology from a college or school accredited by the AVMA..." She presented a statement from the AVMA that states "The AVMA will continue to use the term veterinary technician in its policies and communications, but will recognize credential veterinary nurses as being equivalent to credentialed veterinary technicians."

Ms. Knachel proposed Guidance Document 150-XX, Recognized Veterinary Technology Degrees and to move forward with a fast-track action to amend the regulations by including "veterinary nurse degree." Ms. Yeatts indicated that 150-XX, Recognized Veterinary Technology Degrees would be numbered as 150-27.

## BOARD COUNSEL REPORT:

## DISCUSSION ITEMS CONTINUED:

## PRESIDENT'S REPORT:

## BOARD OF HEALTH PROFESSIONS' REPORT:

## STAFF REPORTS:

## NEW BUSINESS:

Dr. Karras moved to accept proposed Guidance Document, 150-27, Recognized Veterinary Technology Degrees and to initiate a fast-track action to amend the regulations to include "veterinary nurse degree."

The motion was properly seconded by Dr. Newman.
The Board discussed the documents. Ms. Yeatts indicated the license issued would remain "Veterinary Technician" unless a change to the Code of Virginia was made.

A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

The Board recessed at 11:00 a.m. and reconvened at 11:10 a.m. at which time a roll call vote was taken. With all 7 members of the Board present, the meeting continued.

## Continuing Education, (CE) Audit

Ms. Knachel asked the Board to consider foregoing a CE audit for the time period of January 1, 2020 to December 31, 2020 due to the pandemic.

Dr. Newman moved to forego conducting a CE audit for the time period of January 1, 2020 to December 31, 2020.

The motion was properly seconded by Dr. Hillyer. A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

Ms. Mitchell had nothing to report to the Board.
Update United States Pharmacopeia, (USP) Chapters 795, 797 and 800
Ms. Knachel provided an update on the USP chapters related to compounding by the veterinary community.

Dr. Cockburn thanked Board members and staff for continuing board activities during the pandemic. She recognized Dr. Rucker for his eight-years of service to the Board as his term expires on June 30, 2021.

Dr. Karras provided a report on the recent activities of the Board of Health Professions.

## Executive Director's Report

Ms. Knachel and Ms. Moss reported on statistics for licensure, budget and discipline caseload.

Ms. Knachel provided information on the following:

- Activities of the American Association of Veterinary State Boards;
- American Veterinary Medical Association's Telehealth Guidelines
- International Council for Veterinary Assessments 2020 Report for Veterinary

Licensing Boards

- Outreach Activities by the Board

Ms. Knachel asked the Board to clarify the wording in Guidance Document 15018, Bylaws, Article I (A)(2) which states "a person may serve in the same office for one additional term."

The Board discussed the wording and asked Ms. Knachel to research the other health regulatory boards and report back to the Board at its next meeting.

Officer Elections Effective March 12, 2021
Dr. Hillyer moved to nominate Dr. Newman for President.
The motion was properly seconded by Dr. Karras. A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

Dr. Karras moved to nominate himself as Vice-President.
The motion was properly seconded by Dr. Hillyer. A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

Dr. Hillyer moved to nominate Ms. Spencer for Secretary.
The motion was properly seconded by Dr. Karras. A roll call vote was taken by Ms. Knachel. The motion carried with a unanimous "aye" vote.

The Board requested more information at the next meeting as to its role in supporting diversity, equity and inclusion efforst.

## NEXT MEETING:

## ADJOURNMENT:

Dr. Cockburn announced that the next full board meeting is scheduled for July 29, 2021. Staff anticipates that this will be a virtual meeting.

Dr. Cockburn adjourned the meeting at 12:15 p.m.

This report contains the results of the 2020 Veterinarian Survey. More than 3,700 veterinarians voluntarily participated in this survey. The Virginia Department of Health Professions' Healthcare Workforce Data Center (HWDC) administers the survey during the license renewal process, which takes place every December for veterinarians. These survey respondents represent $80 \%$ of the 4,666 veterinarians licensed in the state and $88 \%$ of renewing practitioners.

The HWDC estimates that 3,483 veterinarians participated in Virginia's workforce during the survey period, which is defined as those veterinarians who worked at least a portion of the year in the state or who live in the state and intend to return to work as a veterinarian at some point in the future. During the past year, Virginia's veterinarian workforce provided 3,403 "full-time equivalency units", which the HWDC defines simply as working 2,000 hours per year.

More than $70 \%$ of all veterinarians are female, including $85 \%$ of those veterinarians who are under the age of 40 . In a random encounter between two veterinarians, there is a $22 \%$ chance that they would be of different races or ethnicities, a measure known as the diversity index. For those veterinarians who are under the age of 40 , the diversity index increases to $29 \%$. Both of these values are well below the diversity index of $57 \%$ for Virginia's population as a whole. Three out of every ten veterinarians grew up in rural areas, and $17 \%$ of these professionals currently work in nonmetro areas of the state. In total, $9 \%$ of all veterinarians currently work in non-metro areas of Virginia.

Nearly all veterinarians are currently employed in the profession, $69 \%$ hold one full-time job, and $38 \%$ work between 40 and 49 hours per week. The vast majority of veterinarians work in the private sector, including $91 \%$ who work at forprofit enterprises. With respect to establishment types, nearly half of all veterinarians work in group practices, while another $40 \%$ are employed at solo practices or partnerships. The typical veterinarian earns between $\$ 100,000$ and $\$ 110,000$ per year. In addition, $71 \%$ of veterinarians receive at least one employer-sponsored benefit, including $53 \%$ who have access to health insurance. More than $90 \%$ of veterinarians are satisfied with their current work situation, including $57 \%$ who indicated that they are "very satisfied".

## Summary of Trends

In this section, all statistics for the current year are compared to the 2018 veterinarian workforce. Few clear trends were noted between 2018 and 2020. One of the most notable is the number of licensed veterinarians in Virginia which increased by $4 \%(4,666$ vs. 4,470 ). In addition, the size of Virginia's veterinarian workforce has increased by $5 \%$ ( 3,483 vs. 3,322 ), and the number of FTEs provided by this workforce has increased by $9 \%(3,403 \mathrm{vs} .3,119)$. Virginia's renewing veterinarians are also more likely to respond to this survey ( $88 \%$ vs. $77 \%$ ).

Further, females constitute a greater proportion of Virginia's veterinarian workforce ( $72 \%$ vs. $70 \%$ ) and the workforce is becoming younger. The percentage of veterinarians under the age of 40 has increased ( $39 \% \mathrm{vs} .36 \%$ ), and the diversity index of this workforce has grown as well ( $22 \%$ vs. $20 \%$ ). Virginia's veterinarians are also slightly more likely to have grown up in a rural area ( $30 \%$ vs. $29 \%$ ) but slightly less likely to work in non-metro areas ( $17 \%$ vs. $18 \%$ ).

Veterinarians are slightly more likely to be currently employed in the profession ( $96 \%$ vs. $95 \%$ ), and they are also slightly more likely to work between 40 and 49 hours per week ( $38 \%$ vs. $37 \%$ ). Meanwhile, the rate of involuntary unemployment has increased ( $2 \%$ vs. $1 \%$ ), but the rate of underemployment has fallen ( $1 \%$ vs. $2 \%$ ). Veterinarians are slightly more likely to work in group private practices ( $48 \%$ vs. $47 \%$ ) instead of solo private practices/partnerships (40\% vs. $41 \%$ ). At their primary work location, veterinarians are more likely to fill a patient care role ( $87 \%$ vs. $86 \%$ ).

Although the overall percentage of veterinarians with education debt has increased ( $46 \%$ vs. $45 \%$ ), this percentage has fallen among those veterinarians who are under the age of 40 ( $72 \%$ vs. $76 \%$ ). Among those veterinarians with education debt, the median debt level has increased ( $\$ 120 \mathrm{k}-\$ 130 \mathrm{k}$ vs. $\$ 110 \mathrm{k}-\$ 120 \mathrm{k})$. At the same time, the median annual income of this workforce has also increased ( $\$ 100 \mathrm{k}-\$ 110 \mathrm{k}$ vs. $\$ 90 \mathrm{k}-\$ 100 \mathrm{k}$ ). In addition, veterinarians are more likely to receive at least one employer-sponsored benefit ( $71 \%$ vs. $70 \%$ ). Regardless, a slightly lower percentage of veterinarians indicate that they are satisfied with their current work situation ( $91 \%$ vs. $92 \%$ ).

## A Closer Look:

| Licensees |  |  |
| :--- | :---: | :---: |
| License Status | $\#$ | $\%$ |
| Renewing <br> Practitioners | 4,073 | $87 \%$ |

## Weighting is used to estimate

 the figures in this report. Unless otherwise noted, figures refer to the Virginia Workforce only. For more information on the HWDC's methodology, visit: https://www.dhp.virginia.gov/ PublicResources/HealthcareW orkforceDataCenter/
## Definitions

1. Virginia's Workforce: A licensee with a primary or secondary work site in Virginia at any time between January 2020 and December 2020 or who indicated intent to return to Virginia's workforce at any point in the future.
2. Full-Time Equivalency Unit (FTE): The HWDC uses 2,000 (40 hours for 50 weeks) as its baseline measure for FTEs.
3. Licensees in VA Workforce: The proportion of licensees in Virginia's Workforce.
4. Licensees per FTE: An indication of the number of licensees needed to create 1 FTE. Higher numbers indicate lower licensee participation.
5. Workers per FTE: An indication of the number of workers in Virginia's workforce needed to create 1 FTE. Higher numbers indicate lower utilization of available workers.

Nearly 40\% of all veterinarians expect to retire by the age of 65. Among veterinarians who are already at least age 50, 27\% still expect to retire by age 65.

Within the next two years, $8 \%$ of Virginia's veterinarians expect to pursue additional educational opportunities, and 6\% plan to increase their patient care hours.

Full-Time Equivalency Units Provided by Veterinary Technicians per 1,000 Residents by Virginia Performs Region

Source: Va Healthcare Work force Data Center

FTEs per 1,000 Residents

This report contains the results of the 2020 Veterinary Technician survey. Nearly 2,200 veterinary technicians voluntarily participated in this survey. The Virginia Department of Health Professions' Healthcare Workforce Data Center (HWDC) administers this survey during the license renewal process, which takes place every December for veterinary technicians. These survey respondents represent $89 \%$ of the 2,460 veterinary technicians licensed in the state and $98 \%$ of renewing practitioners.

The HWDC estimates that 2,214 veterinary technicians participated in Virginia's workforce during the survey period, which is defined as those veterinary technicians who worked at least a portion of the year in the state or who live in the state and intend to return to work as a veterinary technician at some point in the future. During the past year, Virginia's veterinary technician workforce provided 1,882 "full-time equivalency units", which the HWDC defines simply as working 2,000 hours per year.

More than $95 \%$ of all veterinary technicians are female, and the median age of this workforce is 36 . In a random encounter between two veterinary technicians, there is a $19 \%$ chance that they would be of different races or ethnicities, a measure known as the diversity index. This value is well below the diversity index of $57 \%$ for Virginia's population as a whole. More than one-third of all veterinary technicians grew up in rural areas, and $11 \%$ of these professionals currently work in non-metro areas of Virginia. In total, $6 \%$ of all veterinary technicians currently work in non-metro areas of the state.

Among all veterinary technicians, $85 \%$ are currently employed in the profession, $67 \%$ hold one full-time job, and $42 \%$ work between 40 and 49 hours per week. More than $90 \%$ of veterinary technicians work in the private sector, including $86 \%$ who are employed in for-profit enterprises. The median annual income for Virginia's veterinary technicians is between $\$ 30,000$ and $\$ 40,000$. In addition, more than four-fifths of all veterinary technicians receive at least one employer-sponsored benefit, including $60 \%$ who have access to health insurance. Nearly $90 \%$ of all veterinary technicians indicated that they are satisfied with their current work situation, including $51 \%$ who indicated that they are "very satisfied".

## Summary of Trends

In this section, all statistics for the current year are compared to the 2018 veterinary technician workforce. The number of licensed veterinary technicians in Virginia has increased by $5 \%(2,460$ vs. 2,334). In addition, the size of Virginia's veterinary technician workforce has increased by $7 \%$ ( 2,214 vs. 2,060 ) , and the number of FTEs provided by this workforce has grown by $8 \%$ ( 1,882 vs. 1,745). Virginia's renewing veterinary technicians are more likely to respond to this survey ( $98 \%$ vs. $94 \%$ ).

The diversity index of Virginia's veterinary technicians has increased ( $19 \%$ vs. $18 \%$ ), and this is also the case among those veterinary technicians who are under the age of $40(23 \% \mathrm{vs} .21 \%)$. There has been no change in the percentage of veterinary technicians who grew up in rural areas ( $37 \%$ ), although these professionals are less likely to work in nonmetro areas of the state ( $11 \%$ vs. 12\%). Overall, a lower percentage of veterinary technicians work in non-metro areas of Virginia (6\% vs. 7\%).

Veterinary technicians are slightly less likely to be employed in the profession ( $85 \%$ vs. $86 \%$ ), and they are also less likely to work between 40 and 49 hours per week ( $42 \%$ vs. $43 \%$ ). Meanwhile, the rate of involuntary unemployment has increased ( $2 \%$ vs. $1 \%$ ). At the same time, veterinary technicians are more likely to be employed at their primary work location for more than two years ( $61 \%$ vs. $60 \%$ ).

There has been no change in the median annual income of Virginia's veterinary technician workforce ( $\$ 30 \mathrm{k}-\$ 40 \mathrm{k}$ ), although these professionals are slightly less likely to receive at least one employer-sponsored benefit ( $83 \% \mathrm{vs} .84 \%$ ). Veterinary technicians are less likely to indicate that they are satisfied with their current work circumstances $(89 \%$ vs. $92 \%$ ), including those who indicated that they are "very satisfied" ( $51 \%$ vs. $53 \%$ ).

## A Closer Look:

| Licensees |  |  |
| :--- | :---: | :---: |
| License Status | $\#$ | $\%$ |
| Renewing <br> Practitioners | 2,160 | $88 \%$ |
| New Licensees | 161 | $\mathbf{7 \%}$ |

Nearly two-thirds of all veterinary technicians expect to retire by the age of 65. Among veterinary technicians who are already at least age 50, 47\% still expect to retire by the age of 65 .

Within the next two years, \(17 \%\) of Virginia's veterinary technicians expect to pursue additional educational opportunities, and 6\% expect to increase their patient care hours.

\begin{tabular}{|l|c|c|}
\hline \multicolumn{3}{|c|}{ Future Plans } \\
\hline Two-Year Plans: & \(\#\) & \(\%\) \\
\hline \multicolumn{2}{|c|}{ Decrease Participation } \\
\hline Decrease Patient Care Hours & 156 & \(7 \%\) \\
\hline Leave Profession & 130 & \(6 \%\) \\
\hline Leave Virginia & 88 & \(4 \%\) \\
\hline Decrease Teaching Hours & 11 & \(0 \%\) \\
\hline \multicolumn{3}{|c|}{ Increase Participation } \\
\hline Pursue Additional Education & 370 & \(17 \%\) \\
\hline Increase Patient Care Hours & 124 & \(6 \%\) \\

}

By comparing retirement expectations to age, we can estimate the maximum years to retirement for veterinary technicians. While only 4\% of veterinary technicians expect to retire in the next two years, 14\% plan to do so within the next decade.
More than half of the current workforce expect to retire by 2045.

\title{
VIRGINIA BOARD OF VETERINARY MEDICINE
}

\section*{Administration of Rabies Vaccinations}

\section*{Q: Who is authorized to administer a rabies vaccination?}

A: Pursuant to Virginia Code § 3.2-6521, a rabies vaccination is to be administered by a licensed veterinarian or licensed veterinary technician who is under the immediate and direct supervision of a licensed veterinarian on the premises.

\section*{Code of Virginia - Comprehensive Animal Care}

§ 3.2-6521. Rabies inoculation of companion animals; availability of certificate; rabies clinics. A. The owner or custodian of all dogs and cats four months of age and older shall have such animal currently vaccinated for rabies by a licensed veterinarian or licensed veterinary technician who is under the immediate and direct supervision of a licensed veterinarian on the premises unless otherwise provided by regulations. The supervising veterinarian on the premises shall provide the owner or custodian of the dog or the cat with a rabies vaccination certificate or herd rabies vaccination certificate and shall keep a copy in his own files. The owner or custodian of the dog or the cat shall furnish within a reasonable period of time, upon the request of an animal control officer, humane investigator, law-enforcement officer, State Veterinarian's representative, or official of the Department of Health, the certificate of vaccination for such dog or cat. The vaccine used shall be licensed by the U.S. Department of Agriculture for use in that species. At the discretion of the local health director, a medical record from a licensed veterinary establishment reflecting a currently vaccinated status may serve as proof of vaccination.

Q: Where may rabies vaccination clinics occur?
A: Pursuant to 18VAC150-20-180 of the Regulations Governing the Practice of Veterinary Medicine, veterinary medicine may only be practiced out of a registered veterinary establishment except in emergency situations as provided in 18VAC150-20-171. Rabies vaccination clinics may be offered outside of a registered veterinary establishment if the requirements found in § 3.2-6521 of the Code of Virginia are met which includes approval by the appropriate local health department and governing body.

\section*{Regulations Governing the Practice of Veterinary Medicine}

18VAC150-20-180. Requirements to be registered as a veterinary establishment.
A. Eyery veterinary establishment shall apply for registration on a form provided by the board and submit the application fee specified in 18VAC150-20-100. The board may issue a registration as a stationary or ambulatory establishment. Every veterinary establishment shall have a veterinarian-in-charge registered with the board in order to operate.
1. Veterinary medicine may only be practiced out of a registered establishment except in emergency situations or in limited specialized practices as provided in 18 VAC 150-20-171. The injection of a microchip for identification purposes shall only be performed in a veterinary establishment, except personnel of animal shelters or pounds may inject animals while in their possession.

\section*{18VAC150-20-171.- Specialty practice in a limited setting.}

A licensed veterinarian may conduct drug testing at animal shows and events or examine any animal and express a professional judgment as to its health at (i) genetic screening clinics where animals are examined for cardiac, ophthalmic and auditory diseases, (ii) agricultural fairs, (iii) 4-H or other youth organization competitions, (iv) livestock auctions, (v) horse races, (vi) hunt club events, (vii) pet adoption events, or (viii) animal shows including, but not limited to dog, cat, and horse shows.

\section*{Code of Virginia - Comprehensive Animal Care}
§ 3.2-6521. Rabies inoculation of companion animals; availability of certificate; rabies clinics. B. All rabies clinics require the approval by the appropriate local health department and governing body... However, the county or city shall ensure that a clinic is conducted to serve its jurisdiction at least once every two years.

\section*{Q: What are the recordkeeping requirements for rabies vaccinations administered in a registered veterinary establishment?}

A: The recordkeeping requirements for patients receiving rabies vaccinations administered in a registered veterinary establishment are found in the Regulations.

\section*{Regulations Governing the Practice of Veterinary Medicine}

18VAC150-20-195. Recordkeeping.
A. A legible, daily record of each patient treated shall be maintained by the veterinarian at the registered veterinary establishment and shall include at a minimum:
1. Name of the patient and the owner;
2. Identification of the treating veterinarian and of the person making the entry (Initials may be used if a master list that identifies the initials is maintained.);
3. Presenting complaint or reason for contact;
4. Date of contact;
5. Physical examination findings;
6. Tests and diagnostics performed and results;
7. Procedures performed, treatment given, and results;
8. Drugs administered, dispensed, or prescribed, including quantity, strength and dosage, and route of administration. For vaccines, identification of the lot and manufacturer shall be maintained;
9. Radiographs or digital images clearly labeled with identification of the establishment, the patient name, date taken, and anatomic specificity. If an original radiograph or digital image is transferred to another establishment or released to the owner, a record of this transfer or release shall be maintained on or with the patient's records; and
10. Any specific instructions for discharge or referrals to other practitioners.
B. An individual record shall be maintained on each patient, except that records for economic animals or litters of companion animals under the age of four months may be maintained on a per owner basis. Patient records, including radiographs or digital images, shall be kept for a period of three years following the last office visit or discharge of such animal from a veterinary establishment.

Q: What are the recordkeeping requirements for rabies vaccinations administered in a rabies clinic approved by the appropriate health department and governing body?

\section*{Code of Virginia - Comprehensive Animal Care}
§ 3.2-6521. Rabies inoculation of companion animals; availability of certificate; rabies clinics. B. ...The licensed veterinarian who administers rabies vaccinations at the clinic shall (i) provide the owner or custodian a rabies vaccination certificate for each vaccinated animal and (ii) ensure that a licensed veterinary facility retains a copy of the rabies vaccination certificate. The sponsoring organization of a rabies clinic shall, upon the request of the owner or custodian, an animal control officer, a humane investigator, a law-enforcement officer, a State Veterinarian's representative, a licensed veterinarian, or an official of the Department of Health, provide the name and contact information of the licensed veterinary facility where a copy of the rabies vaccination certificate is retained...
§ 3.2-6529. Veterinarians to provide treasurer with rabies certificate information; civil penalty. A. Each veterinarian who vaccinates a dog against rabies or directs a veterinary technician in his employ to vaccinate a dog against rabies shall provide the owner a copy of the rabies vaccination certificate. The veterinarian shall forward within 45 days a copy of the rabies vaccination certificate or the relevant information contained in such certificate to the treasurer of the locality where the vaccination occurs.

The rabies vaccination certificate shall include at a minimum the signature of the veterinarian, the animal owner's name and address, the species of the animal, the sex, the age, the color, the primary breed, whether or not the animal is spayed or neutered, the vaccination number, and expiration date. The rabies vaccination certificate shall indicate the locality where the animal resides....

Any veterinarian that willfully fails to provide the treasurer of any locality with a copy of the rabies vaccination certificate or the information contained in such certificate may be subject to a civil penalty not to exceed \(\$ 10\) per certificate. Monies raised pursuant to this subsection shall be placed in the locality's general fund for the purpose of animal control activities including spay or neuter programs.

\section*{Q: Who should be contacted for questions about rabies vaccination clinics that held in the community?}

A: For more information contact your local health department at http://www.vdh.virginia.gov/LHD/index.htm.

\section*{VIRGINIA BOARD OF VETERINARY MEDICINE}

\section*{Disposition of Routine Inspection Violations}

The Board of Veterinary Medicine (Board) conducts routine inspections of veterinary establishments every three years. The guidance document, 76-21.2:1 Veterinary Establishment Inspection Report provides a checklist of the laws and regulations with which veterinary establishments must comply. For each violation found during an inspection, a point value is assigned. Point values are available on the veterinary establishment inspection report form. Please note that violations cited during last and current inspections are repeat violations and receive double the assigned point value.

Following an inspection in which one or more violations of the laws or regulations are cited, a veterinary establishment is required to submit a written response to the Board pursuant to \(18 \mathrm{VAC150-20-140(18)}\) 18 VAC150-20-140(18) within 14 calendar days of the inspection unless an extension if is granted by the Board. A response must detail the action(s) taken to correct each deficiency and may be submitted via mail, email or fax. Failure to provide a written response may subject a veterinary establishment and a-veterinarian-in-charge to disciplinary action.

\section*{Veterinary Establishment \\ Effective Date of July 1, 2014}

\title{
VIRGINIA BOARD OF VETERINARY MEDICINE BYLAWS
}

\section*{Article I. Officers of the Board.}
A. Election of officers.
1. The officers of the Board of Veterinary Medicine shall be a President, a Vice-President and a Secretary. At the last regularly scheduled meeting of the calendar year, the board shall elect its officers. Nominations for office shall be selected by open ballot, and election shall require a majority of the members present.
2. The term of office shall be one year from January 1 to December 31; a person may serve in the same office for one additional term.
3. A vacancy occurring in any office shall be filled during the next meeting of the board.
B. Duties of the officers
1. President.

The President shall preside at all meetings and formal administrative hearings in accordance with parliamentary rules and the Administrative Process Act, and requires adherence of it on the part of the board members. The President shall appoint all committees unless otherwise ordered by the board.

\section*{2. Vice-President.}

The Vice-President shall, in the absence or incapacity of the President, perform pro tempore all of the duties of the President.

\section*{3. Secretary.}

The Secretary shall perform generally all the duties necessary and usually pertaining to such office
4. In the absence of the President, Vice-President and Secretary, the President shall appoint another board member to preside at the meeting and/or formal administrative hearing.
5. The Executive Director shall be the custodian of all board records and all papers of value. The Executive Director shall preserve a correct list of all applicants and licensees. The

Executive Director shall manage the correspondence of the board and shall perform all such other duties as naturally pertain to this position.

\section*{Article II. Meetings.}
A. Number and organization of meetings.
1. For purposes of these bylaws, the board shall schedule at least three full board meetings in each year, with the right to change the date or cancel any board meeting; with the exception that one meeting shall take place annually.
2. A majority of the members of the board shall constitute a quorum for the transaction of business. The current edition of Robert's Rules of Order, revised, shall apply unless overruled by these bylaws or when otherwise agreed.

\section*{B. Attendance of board members.}

Members shall attend all scheduled meetings of the board and committee to which they serve, unless prevented by illness or similar unavoidable cause. In the event of two consecutive unexcused absences at any meeting of the board or its committees, the President shall make a recommendation about the board member's continued service to the Director of the Department of Health Professions for referral to the Secretary of Health and Human Resources and Secretary of the Commonwealth.
C. Order of business. The order of the business shall be as follows:
1. Call to order with statement made for the record of how many and which board members are present and that it constitutes a quorum.
2. Public comment.
3. Approval of minutes.
4. The Executive Director and the President shall collaborate on the remainder of the agenda.

\section*{Article III. Committees.}

\section*{A. Standing Committees:}

\section*{1. Special Conference Committee.}

This committee shall consist of two board members who shall review information regarding alleged violations of the veterinary medicine laws and regulations and determine if probable cause exists to proceed with possible disciplinary action. The President shall also designate
another board member as an alternate on this committee in the event one of the standing committee members becomes ill or is unable to attend a scheduled conference date. Further, should the caseload increase to the level that additional special conference committees are needed, the President may appoint additional committees.

\section*{2. Regulatory/Legislative Committee.}

The committee shall consist of at least three board members. The board delegates to the Regulatory/Legislative Committee to recommend actions to petitions for rulemaking. This committee is responsible for the development of proposals for new regulations or amendments to existing regulations with all required accompanying documentation; the drafting of board responses to public comment as required in conjunction with rulemaking; conducting the required review of all existing regulations as required by the board's Public Participation Guidelines and any Executive Order of the Governor, and other required tasks related to regulations. In accordance with the Administrative Process Act, any proposed draft regulation and response to public comment shall be reviewed and approved by the full board prior to publication. The board delegates the authority to develop proposals for legislative initiatives of the board. Any proposed draft legislation and response to public comment shall be reviewed and approved by the full board prior to publication.
3. Credentials Committee.

The committee shall consist of two board members. The members of the committee may review non-routine licensure applications to determine the credentials of the applicant and the applicability of the statutes and regulations when the Board President deems necessary. The committee shall not be required to meet collectively.

\section*{B. Ad hoc committees}

There may be ad hoc committees, appointed as needed and shall consist of three or more persons appointed by the board who are knowledgeable in the particular area of practice or education under consideration by the board. The committee shall review matters as requested by the board and advise the board relative to the matters or make recommendations for consideration by the board.

\section*{Article IV. General Delegation of Authority.}
A. The Board delegates to board staff the authority to issue and renew licenses and registrations for which statutory and regulatory qualifications have been met.
B. The Board delegates to the Executive Director the authority to reinstate a license or registration when the reinstatement is due to the lapse of the license or registration rather than a disciplinary action and there is no basis upon which the Board could refuse to reinstate.
C. The Board delegates to board staff the authority to develop, approve and update information on forms used in the daily operations of board business, to include, but not limited to, licensure
applications, renewal forms, inspection forms and documents used in the disciplinary process. The Executive Director shall consult with the board President prior to posting inspection form changes.
D. The Board delegates authority to the Executive Director to negotiate a Consent Order in consultation with the chair of a Special Conference Committee or formal hearing.
E. The Board delegates to the Executive Director the authority to sign as entered any Order or Consent Order resulting from the disciplinary process or other administrative proceeding.
F. The Board delegates to the Executive Director, who may consult with a special conference committee member, the authority to provide guidance to the agency's Enforcement Division in situations wherein a complaint is of questionable jurisdiction and an investigation may not be necessary.
G. The Board delegates to the Executive Director the authority to review information regarding alleged violations of law or regulations and, in consultation with a member of a special conference committee, make a determination as to whether probable cause exists to proceed with possible disciplinary action.
H. The Board delegates authority to the Executive Director to close non-jurisdictional cases and fee disputes cases without review by a board member.
I. The Board delegates authority to the Executive Director to grant an extension for good cause of up to one year for the completion of continuing education requirements upon written request from the licensee or registrant prior to the renewal date.
J. The Board delegates authority to the Executive Director to grant an exemption for all or part of the continuing education requirements due to circumstances beyond the control of the licensee or registrant, such as temporary disability, mandatory military service, or officially declared disasters.
K. The Board delegates authority to the Executive Director to issue an advisory letter, offer a confidential consent agreement or offer a Consent Order for action consistent with any board-approved guidance document.
L. The Board delegates to the President the authority to represent the board in instances where board "consultation" or "review" may be requested where a vote of the board is not required, and a meeting is not feasible.
M. The Board delegates to the Department of Health Professions' inspectors the authority to issue an Inspection Summary upon completion of an inspection, and the Board delegates to the Executive Director the authority to take action consistent with any board-approved guidance document related to inspection violations.
N. The Board delegates to the Executive Director the authority to grant an accommodation of additional testing time or other requests for accommodation to candidates for Board-required examinations pursuant to the Americans with Disabilities Act, provided the candidate provides documentation that supports such an accommodation.
O. The Board delegates authority to the Executive Director to issue an Advisory Letter to the person who is the subject of a complaint pursuant to Va. Code § 54.1-2400.2(F), when it is determined that a probable cause review indicates a disciplinary proceeding will not be instituted.
P. The Board delegates authority to the Executive Director to request and accept from a licensee or registrant, in lieu of disciplinary action, a Confidential Consent Agreement, pursuant to Va. Code § 54.1-2400(14), consistent with any guidance documents adopted by the Board.
Q. The Board delegates authority to the Executive Director to assign cases to the Veterinary Review Coordinator or designee to make probable cause decisions in consultation with board staff for cases involving the following:
- Impairment;
- Diversion;
- Failure to maintain drugs in a secure manner;
- Inspections;
- Compliance with Board Orders;
- PMP reporting;
- Compliance with continuing education requirements;
- Unlicensed activity;
- Aiding and abetting unlicensed activity;
- Fraud;
- Unprofessional conduct for failure to release records; and
- Compliance with medical recordkeeping requirements.
R. The Board delegates authority to the Executive Director to assign cases to the Veterinary Review Coordinator or designee to make investigation decisions in consultation with board staff for cases involving the following:
- Lack of evidence to proceed; and
- Reports of drug theft and loss

\section*{Article V. Amendments.}

Proposed amendments to these bylaws shall be presented in writing to all Board members, the Executive Director of the Board, and the Board's legal counsel prior to any regularly scheduled Board meeting. Amendments to the bylaws shall become effective with a favorable vote of at least two-thirds of the board members present at that regular meeting.
