**Public Comment**

- **Acceptance of doctoral practicum/internship hours towards residency requirements**

**10:00 a.m. Adjourn**

## Proposed Text

### Action:

Acceptance of doctoral practicum/internship hours towards ...

Stage: Proposed

7/24/18 8:26 AM [latest]

18VAC115-20-52

18VAC115-20-52. Residency requirements.

A. Registration. Applicants who render counseling services shall:

1. With their supervisor, register their supervisory contract on the appropriate forms for board approval before starting to practice under supervision;
2. Have submitted an official transcript documenting a graduate degree as specified in 18VAC115-20-49 to include completion of the coursework and internship requirement specified in 18VAC115-20-51; and
3. Pay the registration fee.

B. Residency requirements.

1. The applicant for licensure shall have completed a 3,400-hour supervised residency in the role of a professional counselor working with various populations, clinical problems, and theoretical approaches in the following areas:

- a. Assessment and diagnosis using psychotherapy techniques;
- b. Appraisal, evaluation, and diagnostic procedures;
- c. Treatment planning and implementation;
- d. Case management and recordkeeping;
- e. Professional counselor identity and function; and
- f. Professional ethics and standards of practice.

2. The residency shall include a minimum of 200 hours of in-person supervision between supervisor and resident in the consultation and review of clinical counseling services provided by the resident. Supervision shall occur at a minimum of one hour and a maximum of four hours per 40 hours of work experience during the period of the residency. For the purpose of meeting the 200-hour supervision requirement, in-person may include the use of secured technology that maintains client confidentiality and provides real-time, visual contact between the supervisor and the resident. Up to 20 hours of the supervision received during the supervised internship may be counted towards the 200 hours of in-person supervision if the supervision was provided by a licensed professional counselor.

3. No more than half of the 200 hours may be satisfied with group supervision. One hour of group supervision will be deemed equivalent to one hour of individual supervision.

4. Supervision that is not concurrent with a residency will not be accepted, nor will residency hours be accrued in the absence of approved supervision.

5. The residency shall include at least 2,000 hours of face-to-face client contact in providing clinical counseling services. The remaining hours may be spent in the performance of ancillary counseling services.

6. A graduate-level internship in excess of 600 hours, which was completed in a program that meets the requirements set forth in 18VAC115-20-49, may count for up to an additional 300 hours towards the requirements of a residency.

7. Supervised practicum and internship hours in a CACREP-accredited doctoral counseling program may be accepted for up to 900 hours of the residency requirement and up to 100 of the required hours of supervision provided the supervisor holds a current, unrestricted license as a professional counselor.

8. The residency shall be completed in not less than 21 months or more than four years. Residents who began a residency before August 24, 2016, shall complete the residency by August 24, 2020. An individual who does not complete the residency after four years shall submit evidence to the board showing why the supervised experience should be allowed to continue.

~~8.~~ 9. The board may consider special requests in the event that the regulations create an undue burden in regard to geography or disability that limits the resident's access to qualified supervision.

~~9.~~ 10. Residents may not call themselves professional counselors, directly bill for services rendered, or in any way represent themselves as independent, autonomous practitioners or professional counselors. During the residency,

residents shall use their names and the initials of their degree, and the title "Resident in Counseling" in all written communications. Clients shall be informed in writing of the resident's status and the supervisor's name, professional address, and phone number.

~~40.~~ 11. Residents shall not engage in practice under supervision in any areas for which they have not had appropriate education.

~~44.~~ 12. Residency hours approved by the licensing board in another United States jurisdiction that meet the requirements of this section shall be accepted.

C. Supervisory qualifications. A person who provides supervision for a resident in professional counseling shall:

1. Document two years of post-licensure clinical experience;
2. Have received professional training in supervision, consisting of three credit hours or 4.0 quarter hours in graduate-level coursework in supervision or at least 20 hours of continuing education in supervision offered by a provider approved under 18VAC115-20-106; and
3. ~~Shall hold~~ Hold an active, unrestricted license as a professional counselor or a marriage and family therapist in the jurisdiction where the supervision is being provided. At least 100 hours of the supervision shall be rendered by a licensed professional counselor. Supervisors who are substance abuse treatment practitioners, school psychologists, clinical psychologists, clinical social workers, or psychiatrists and have been approved to provide supervision may continue to do so until August 24, 2017.

D. Supervisory responsibilities.

1. Supervision by any individual whose relationship to the resident compromises the objectivity of the supervisor is prohibited.
2. The supervisor of a resident shall assume full responsibility for the clinical activities of that resident specified within the supervisory contract for the duration of the residency.
3. The supervisor shall complete evaluation forms to be given to the resident at the end of each three-month period.
4. The supervisor shall report the total hours of residency and shall evaluate the applicant's competency in the six areas stated in subdivision B 1 of this section.
5. The supervisor shall provide supervision as defined in 18VAC115-20-10.

E. Applicants shall document successful completion of their residency on the Verification of Supervision Form at the time of application. Applicants must receive a satisfactory competency evaluation on each item on the evaluation sheet. Supervised experience obtained prior to April 12, 2000, may be accepted toward licensure if this supervised experience met the board's requirements ~~which~~ that were in effect at the time the supervision was rendered.
